

# STEELTOWN

learn • create • connect

## JOIN US FOR STEELTOWN'S FALL OPEN HOUSE!

Tuesday, September 23rd from 7:00–8:00 PM  
VIA ZOOM

**FREE & OPEN TO THE PUBLIC — ALL ARE WELCOME!**

Learn all about Steeltown's programming!  
Meet virtually with our staff & teaching artists!

**Please email [maryann@steeltown.org](mailto:maryann@steeltown.org) to confirm & receive your Zoom link.**

### STUDENTS

Steeltown Film Academy (SFA) teaches a curriculum of the basics of digital media arts — what we call SCALE: storytelling, camera, audio, lighting, and editing. Upon successful completion of Steeltown Film Academy, students can apply to the Steeltown Teen Film Crew. The Teen Film Crew gets paid while they continue to build their skills creating promotional videos for clients and working on their own creative content as part of our Reel Teens webseries!

### EDUCATORS

In addition to our in-house programming, Steeltown teaching artists are available to come into the classroom to regularly supplement or lead an existing program, help you create a new digital filmmaking program, or host workshops for students and professional development sessions for teachers!

Through SFA my son saw how his passion could become a reality and as a parent gearing up to pay for #2 to go to college, I now feel comfortable that his passion could actually end in gainful employment.  
—Kathleen Bishop, Mother of student in TFC, SFA
