

Parent and Student Information Access

Scott E. Gutowski / Chief of Information and Technology
Lorraine Marnet / Director of Business Applications

History

- District has faced 4 Student Information Systems in 6 years
- Applications for our teachers have grown out of proportion
- Result have been a lack of cultural adoption

SASI

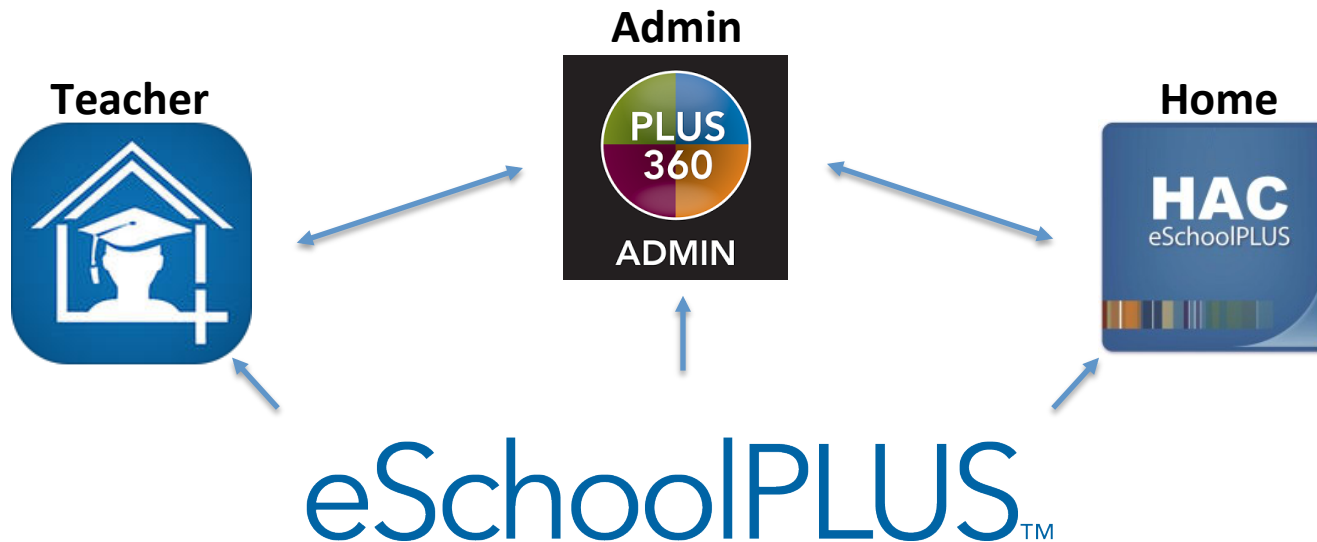

γραδεΞΠ

ENCORE®

Opportunity

- Concentrated focus on simplifying our Application Portfolio
- Deliberate accounting with role-groups and training goals
- 1 full year or preliminary work to prepare for transition

Demonstration

The screenshot shows the Pittsburgh Public Schools website in a web browser. The address bar displays www.pps.k12.pa.us/site/default.aspx?PageID=1. The page features the Pittsburgh Public Schools logo and the tagline "The Pathway to the Promise." A navigation menu includes links for Home, Who We Are, Our Schools, Why PPS?, Academics, Supporting Students, Data & Research, and Forms & Resources. A large banner at the bottom reads "#WeArePPS" with the text "Learn more about restorative practices." A red dashed box highlights the "Parents" link in the top right corner, which is part of a grid of links including Careers, Staff, PPS Moodle, News, BoardDocs, Discover PPS, and PPS Video. A green arrow points to the "Parents" link.

Recent Videos District News Upcoming Events Report a Problem

Welcome to the Pittsburgh Public Schools Home Access Center. Stay up-to-date with your child's assignments, grades and scheduling! We are hoping to start releasing the mobile access in November after the first grading period. More information to follow.

eSchoolPLUS Home Access Center (HAC):
In the fall of 2015, Pittsburgh Public Schools implemented a new students information system called eSchoolPLUS. The companion parent/guardian portal is called eSchoolPLUS Home Access Center (HAC) and provides parents/guardians with helpful information to support and guide their child(ren) through the education process. Parents can view real-time information through a convenient web portal anywhere and at any time including:

- Schedules
- Attendance
- Published Assignments
- Quick Links to Communicate with Teachers
- Class Averages
- Report Card Information
- Transcript Grades

Free Mobile Access:
HAC is also accessible via a free mobile device app, called: "eSchoolPLUS Family". Supported devices include: iOS 7.1+ (iPhone, iPad, iPod Touch) and Android 4.0.3

Who should I call if I have an issue?
Parents should check with their child's school first to ensure that their contact information is accurate in the student information system. Parents can also reach out to the Parent Hotline by phone 412-529-HELP (4357) or email parenthotline@pphsboe.net. The Parent Hotline operates from Monday through Friday, 6:30AM - 4:00PM.

eSchoolPLUS Home Access Center (HAC) Web Access:

Login to
Home Access Center

VIEW HERE 

Account Access:
Account access/credentials are based on a person being identified as a Parent/Guardian for a student or students in our student information system (SIS). Each school is responsible for maintaining parent/guardian information. Information currently on record is from enrollment forms, emergency care forms, and change of address communications.

- Parents/guardians with children attending more than one school will have a single account linked to all of their children.
- A parent with multiple accounts or missing a student in the account view should check with their child's school(s) to ensure that they are properly identified as the same guardian for all students.
- If more than one parent/guardian needs an account, each parent/guardian will need to be listed in the District's student information system as a parent/guardian.
- To ensure information is up to date and all desired adults are listed as parent/guardian, a parent should check with their child's school to make sure.

Strategy

- Student / Parent Access is part of a broader strategy
- Goal is for a fully integrated Application Portfolio

Online enrollment for all programs

Online course registration and course descriptions

Robust reporting and assessment administration

Highly targeted custom reporting
