Internal and External Supports for Improving Attendance
Attendance interventions - Internal

• Attendance Assistant Support for each Network:
  • They run attendance reports for all schools in their Networks and prepare/mail attendance notifications to families in support of the school Counselors/Social Workers.
  • This also assures timely notifications for families in an effort to incentivize attendance.
Attendance interventions - Internal

• Attendance Improvement Conferences due to legislative changes from Act 138
  • Legislative changes assure that students and families are engaged in a Student Attendance Improvement Conference (SAIC) similar to what was formerly addressed as Truancy Elimination Plan. The new legislative changes dictate more parameters around the timing of the notifications and conferences as well as pre-requisite steps before pursuing a family with the magistrate for truancy.
  • Act 138 was signed by Governor Wolf on November 3, 2016 to take effect for the 2017-2018 school year
  • The updated policy is available as follows: http://www.boarddocs.com/pa/pghboe/Board.nsf/goto?open&id=AN5NYT5D8061
Attendance interventions - External Partners
