

STUDENT AND EMPLOYEE COVID-19 SELF SCREENING TOOL

This document is based on the Center for Disease Control (CDC) guidelines and is intended to be used daily. **Parent/Guardian:** Use the screening tool for each child in your household prior to your child(ren) boarding a school bus or arriving to a school building. **Employees:** Use the screening tool daily prior to arriving to your work location.

If you or your child experience any COVID-19 symptoms or are a close contact as defined below, please keep yourself or your child home. Parents/guardians should notify their child's principal if their student or someone in their student's household has tested or is considered presumed positive for COVID-19. Employees should inform their direct supervisor.

SECTION 1: SYMPTOMS

Feeling feverish or have a fever of 100.4°F or higher.
Have chills.

Sore throat.

New uncontrolled cough, congestion or runny nose (for students with chronic allergic/asthmatic cough, a change in their cough from baseline). Shortness of breath.

Diarrhea, nausea or vomiting. New muscle aches.

New onset of headache.

New loss of smell or taste.

SECTION 2: CLOSE CONTACT/POTENTIAL EXPOSURE

- ▶ Had close contact (within 6 feet for longer than 15 cumulative minutes within a 24-hour time period) of an infected person for at least 15 minutes) with a person with confirmed COVID-19.
