Welcome to Pittsburgh International Baccalaureate 6-12
Our students come from all neighborhoods in Pittsburgh
What is IB 6-12?

A program of international education designed for students aged 11 to 16 or Grades 6-10. It is organized according to the fundamental concepts of holistic education, communication and intercultural awareness. The program is internationally recognized with rigorous “world class” standards and high expectations for all students. The hope is that the program will help students develop the knowledge, understanding, attitudes and skills necessary to actively participate in an increasingly global society.
Come tour our new facility!
