Statement of Sorrow from Pittsburgh Public Schools

PITTSBURGH, February 8, 2023 – We are saddened to learn of the death of Pittsburgh Carrick student Tre’sean Jackson. The ninth grader was shot and killed on Beltzhoover Avenue yesterday evening. A quiet leader who cared deeply about his friends and family, Tre’sean was always willing to contribute to class, actively participating and working well with his classmates. His teachers, friends, and the entire Carrick staff mourn this tragic loss. Our thoughts are with his family during this difficult time.

We care a great deal about the health and wellness of our students and staff. Student and Employee Assistance providers were available today to support anyone who needed it.

We request that the media respect the privacy of the Pittsburgh Carrick school community during this challenging time. No further comment will be provided by the school or District staff.
