3 WAYS TO GET INVOLVED

PTO

A parent teacher organization (PTO) gives parents and teachers the opportunity to work together to supplement and enrich the educational experience.

- help with fundraisers
- organize fun school/family events
- partner with the school staff
- collaborate to foster a supportive school community

PSCC- PARENT SCHOOL COMMUNITY COUNCIL

Become full partners in your child's educational experience through a variety of opportunities created collaboratively with the parents and the school. PSCC meetings are monthly opportunities for parents and families, the community, school staff and sometimes students to discuss important topics related to the school and provide advice to the leadership of the school.

PAC- PARENT ADVISORY COUNCIL

The Parent Advisory Council is the District's central mechanism for ensuring that parents are well informed about Pittsburgh Public Schools matters, and that they have the opportunity to help develop District-level programming and policy and share information with District staff. It also gives parents the opportunity to assume leadership roles by serving as liaisons between parents at their school and District officials.

- meet with the Superintendent, Superintendent staff members, Chiefs of key departments
- interact with other parents from across the city
- receive high level information
- serve as a liaison between parents at your school and the District
- ensure that information received at meetings is shared with the parents at your school through monthly PSCC meetings
- share the collective interests of other parents
- recruit other parents to participate on the council
- participate on district-level committees that can have an impact on decisions affecting the entire school district
