**Additional Information:**
The foundational program of SRA Imagine It! has consistently proven its effectiveness across the country with a diverse population of students for over four decades.

* Students' results from standardized tests are used to validate the program
* Field testing shows that the explicit, systematic instructional approach used to develop SRA Imagine It! is more effective for at-risk students than other approaches as measured by a variety of tests, including standardized measures*
* Comprehensive reports from the National Reading Panel and the National Institute of Child Health and Human Development (NICHD) support the strategies and instructional models used to develop SRA Imagine It!

When it comes to building reading comprehension, a strong vocabulary makes all the difference. Research has shown that students with inadequate vocabularies rarely succeed in school, due largely to the fact that their poor understanding of texts dissuades them from reading on their own. For these students, the primary source of difficulty is their lack of general vocabulary, rather than technical terms. SRA Imagine It! responds to these findings by utilizing a system of tiered vocabulary instruction that places strong emphasis on research and interpretation skills. Relevant words are divided into three categories: words already known without school instruction; words to be learned as part of general lessons; and words to be learned in a specific content area. Instructors use orally presented texts and content-based explanations to directly teach over twenty new meanings each week, with the intent that students will be adequately exposed to all twenty and fully retain ten to twelve. Adhering to this schedule will keep every child up to speed in terms of vocabulary and comprehension.

In addition to informed strategies for enhancing comprehension, SRA Imagine It! draws on more than twenty-five years of author research to help struggling students develop both powerful writing skills and critical methods of self-regulation. This system, known as Self-Regulated Strategy Development (SRSD), guides students toward a mastery of the higher-level cognitive processes involved in written composition. In a recent report commissioned by Carnegie Corporation and the Alliance for Excellent Education, the SRSD was praised as the most effective writing intervention to date; its emphasis on goal-setting, self-monitoring, and self-instruction allows students to be more autonomous and reflective in their writing, giving them the confidence they need to succeed.

What is the purpose of this authorization? (Please write in complete sentences)

RESOLVED, that the Board of Directors of the School District of Pittsburgh authorize its proper officers to accept a donation valued at $4,000 in the form of labor, materials, and design improvements to the Pittsburgh King PreK-8 ball field. This donation is made possible through the Baseball Tomorrow Fund operated by Major League Baseball which granted Urban Impact funding to improve services, supplies and facilities used by youth participating in Urban Impact. Pittsburgh King’s ball field is one of Urban Impact’s sites for baseball programs for students.

Urban Impact, through its chosen contractor, Sports Turf Specialties, referred to Urban Impact by the Pittsburgh Pirates, will provide the following improvements to Pittsburgh King’s field:

1.) Professionally rebuild pitcher’s mound to Little League safety specifications (with clay, mix, and rubber) a value of approximately $1,000 to $1,200.

2.) Rebuild infield by adding several inches of infield mix and have it laser graded to improve draining and overall safety - $2,500 to $3,000, depending on how many truck loads of infield mix ultimately are required.

This work is provided free of charge, increasing the value and utility of the field. PPS Facilities Department staff have met with Urban Impact representatives and the school principal to review and advise on plans for the field improvements. It has also been verified that all improvements will be on District property.

Who will this benefit?

Pittsburgh PreK-8 students, families, and associated organizations utilizing the King field with appropriate permissions.

Where will the activities/services occur and how was this school/location selected? (If applicable)

Urban Impact has a mission to serve the Northside communities of Pittsburgh where Pittsburgh King PreK-8 is located. All Northside schools were invited to a meeting by Urban Impact and invited to submit needs.

Additional Information:

Amendment to an item previously approved by the Board on May 23, 2012, Committee on Business and amended March 20, 2013.

General Authorization #1, Tuition-based preschool model in the Early Childhood Program.

Reason for Amendment: Approval to accept subsidized childcare funding payments for the afterschool program.

Original Item:

RESOLVED, That the Board of Directors of the School District of Pittsburgh authorize its proper officers to approve a tuition-based preschool model in the Early Childhood Program.

The board hereby authorizes the acceptance of tuition on a monthly basis for parents who want to enroll their child(ren) in the District's Early Childhood Program. The cost of tuition will be $650/month for the ten month school year.

The Board directs the Superintendent to develop guidelines for the administration of the tuition-based program, including applications for admission and agreements for payment.

The Board only authorizes acceptance of tuition for early childhood programs in the following circumstances:

1. A family does not meet the income guidelines for free early childhood programming; or
2. No fully funded early childhood openings are available.

Enrollment in early childhood programs on a tuition basis is completely voluntary.

The students paid for through the tuition based program will be in the same classrooms as the other students paid by the grants. No additional state or federal regulations will pertain to this program.

Amended item #1:

RESOLVED Further, That the Board of Directors authorize its proper officers to approve a tuition-based afterschool program for preschool to 5th grade students in schools that request this service and demonstrate a need. The afterschool program will run from the end of the school day until 6:30 p.m., Monday through Friday. Enrollment in the afterschool program is completely voluntary and the cost for afterschool program services will not exceed up to $30 a day. Cost may vary depending on enrollment rates and number of days per week enrolled.

Amended Item #2:

RESOLVED Further, That the Board of Directors authorize its proper officers to complete the necessary paperwork from the Department of Public Welfare for Pittsburgh Public Schools to receive subsidy payments from parents who receive funding through the Child Care Works Subsidized Child Care Program. The subsidized child care program helps low-income families pay child care fees. The state and federal governments fund this program and it is managed by the Child Care Information Service (CCIS) office in Allegheny County. Parents who meet the guidelines pay part of the total cost for childcare services and CCIS pays part (called the subsidy payment). The subsidy payment goes directly to the child care program, in this case Pittsburgh Public Schools Early Childhood Education Department. The revenue will be used to pay salaries, benefits, supplies and material costs necessary to operate the afterschool program.

RESOLUTION OF
SCHOOL DISTRICT OF PITTSBURGH
AMENDMENT TO SOUTH SIDE WORKS TIF PLAN
REMOVING PARCEL

WHEREAS, Pennsylvania's Tax Increment Financing Act, 53 P.S. § 6930.1 et seq., as amended (the "Act"), provides local taxing bodies the legal authority to cooperate in providing financing for the development of blighted areas within their respective jurisdictions in order to increase the tax base and improve the general economy; and

WHEREAS, the "South Side Works Tax Increment Financing Plan" (the "Original TIF Plan") prepared by the Urban Redevelopment Authority of Pittsburgh (the "Authority") was approved by the School District of Pittsburgh (the "School District") by resolution of December 16, 1998 and by the County of Allegheny (the "County") by resolution of December 30, 1998; and

WHEREAS, by resolution of February 16, 1999, the City of Pittsburgh (the "City" and, together with the County and the School District, the "Taxing Bodies") approved and adopted the Original TIF Plan and created the South Side Works Tax Increment Financing District (the "TIF District"); and

WHEREAS, the Original TIF Plan was amended by Amendment No. 1 dated December 31, 2001 (together with the Original TIF Plan, the "TIF Plan") by resolution of the City effective December 31, 2001, as approved by the School District by resolution dated September 25, 2001, by the County by resolution dated December 4, 2001, and by the Authority by resolution dated September 13, 2001; and

WHEREAS, pursuant to the TIF Plan, the Taxing Bodies and the Authority entered into a Cooperation Agreement Regarding South Side Works Tax Increment Financing District dated as of November 1, 1999, as amended as of December 31, 2001 (collectively, the "Cooperation Agreement"); and

WHEREAS, the Cooperation Agreement contemplates that the Authority may propose such amendments to the TIF Plan, the TIF District and the Cooperation Agreement as it deems advisable but no such amendment shall be effected until approved by each of the Taxing Bodies and the Authority; and
WHEREAS, upon review of the boundaries of the TIF District and the status of the projects contemplated by the TIF Plan, the Authority has determined that there are one or more parcels included in the TIF District for which no portion of the tax revenues generated by or attributable to such parcels has been pledged to secure the payment of debt service on any outstanding tax increment obligations; and

WHEREAS, the Authority, in consultation with the designated representatives of the Taxing Bodies, has determined that the release of such parcels from the TIF District will further the purposes of the Act by making them available for potential development programs and by creating additional capacity for the future use of tax increment financing by the City as a means of funding development and redevelopment in distressed areas; and

WHEREAS, the Authority has recommended that the TIF Plan be amended to revise the boundaries of the TIF District by removing from the TIF District the parcels identified on Exhibit A hereto (the "Excluded Property"); and

WHEREAS, the City held a public hearing at which interested parties were afforded a reasonable opportunity to express their views on the proposed amendment described herein.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF PUBLIC EDUCATION OF THE SCHOOL DISTRICT OF PITTSBURGH AS FOLLOWS:

Section 1. Upon the recommendation of the Authority, and subject to the approval of the City and the County, the amendment of the TIF Plan to revise the boundaries of the TIF District by removing the Excluded Property from the TIF District is hereby approved.

The appropriate public officials of the School District are hereby directed to take such actions in cooperation with the Authority, the City and the County as are necessary or appropriate to accomplish the foregoing, including, but not limited to, amending the Cooperation Agreement and any other appropriate documents to reflect such amendments; provided, however, that in the absence of such action, any reference in such documents to the TIF Plan and/or TIF District shall be deemed to refer to such TIF Plan and/or TIF District, as amended hereby.
Section 3. Any resolution or ordinance or part thereof conflicting with the provisions of this
Resolution is hereby repealed so far as the same affects this Resolution.
