1012. PARENT AND FAMILY INVOLVEMENT

1. Purpose

The Board recognizes that parent and family involvement contributes to the achievement of academic standards by all students. The Board views the education, health and safety of students as a cooperative effort among the school, parents and community. The District’s *Excellence for All* initiative focuses on the “whole child” and treating each child as an individual, considering all aspects that affect each child as he or she grows and learns within the community.

This policy is to comply with Public Law 107-110, 107th Congress, signed on January 8, 2002, referred to as the reauthorization of the Elementary and Secondary School Act (ESEA) of 1965 and commonly cited as the No Child Left Behind Act of 2001. Federal law states that the District and parents of District students, including those students participating in Title I programs shall jointly develop and agree upon a written Parent and Family Involvement Policy. References to mandated provisions of ESEA are indicated in bolded italics with the first reference being to ESEA and the second reference to the official citation in the United States Code.

2. Authority & Organization of Policy

The Parent and Family Involvement Policy shall ensure compliance with federal statutory provisions that specifically recognize parent and family involvement as a research-based educational practice that yields effective results. The District’s Parent and Family Involvement Policy shall cover the involvement of all parents and families across any federal, state, or local programs being implemented in the District, with recognition and respect for the wide variety of ways in which parents and families can be involved in the education of District students. This policy shall serve as written documentation of the Pittsburgh School District’s commitment to ensure parents and families are welcomed.

The District will incorporate this Parent and Family Involvement Policy into its Local Education Agency (LEA) plan which is the required plan submitted to the state in its application to obtain Title I and other federal funding.

The District’s Parent and Family Involvement Policy shall be evaluated annually, with parental and family involvement. The policy shall be made available in all District schools, on the District’s Internet site and various other accessible locations.

Section I – Parent and Family Involvement General Provisions, and Expectations, and Definitions

This policy shall establish the role of the Pittsburgh School District of Pittsburgh in involving parents and families and clarifies the relationship between the school’s role in parent and family participation and the role of the parent and family. While the District’s Parent and Family Involvement Policy largely defines mandated legal parental involvement provisions as stipulated by federal law, the District also realizes that many other adults play an important role in a child’s life. The School District welcomes into its buildings all individuals who carry responsibility for a child’s development, education, safety and well-being, including grandparents, aunts, uncles, neighbors, and community members. It shall not only reflect the School District’s mission of promoting the achievement of every child but shall establish a framework for recognizing the value of parents and families and for promoting meaningful parent and family participation. The Board of Education recognizes that a child’s education is a responsibility shared by the school and family. To support this goal, the school, parents and families must work as knowledgeable partners. All employees of the District at each school must create a climate of respect for and cooperation with parents and family that will be evident in all parent, family, teacher, and staff interactions.

The Pittsburgh School District of Pittsburgh not only recognizes parents and families as key stakeholders in their children’s education, but and prioritizes parent and family involvement as a key component of its beliefs and shared goals as adopted by the Board of Education in the District’s Strategic Plan its “Excellence for All” plan for student achievement.

Declaration Of Beliefs

1. All children can learn at high levels.

2. Teachers have a profound impact on student development and should
have ample training, support, and resources.

3. Education begins with a safe and healthy learning environment.

4. Families are an essential part of the educational process.

5. A commitment from the entire community is necessary to build a culture that encourages student achievement.

6. Improvement in education is guided by consistent and effective leadership.

7. Central office exists to serve students and schools.

Shared Goals To Guide All Work

1. Maximum academic achievement for all students.

2. A safe and orderly environment for all students and employees.

3. Efficient and effective support operations for all students, families, teachers, and administrators.

4. Efficient and equitable distribution of resources to address the needs of all students, to the maximum extent feasible.

5. Improved public confidence and strong parent/community engagement.

The No Child Left Behind Act clearly states its purpose as ensuring all children the opportunity to obtain a high quality education and acknowledges that one of the primary ways to accomplish this is by “affording parents substantial and meaningful opportunities to participate in the education of their children.” ESEA—Section 1001(12)—20 USC 6301(12) This policy shall bring the District into compliance with No Child Left Behind provisions that specifically recognize parent and family involvement as a research-based educational practice that yields high results. This policy shall cover the involvement of all parents and families across any federal, state, or local
programs being implemented in the District. The District recognizes and respects the wide variety of ways in which parents/families can be involved—whether District-initiated, school-initiated, or parent-initiated. This policy shall serve as written documentation of the Pittsburgh School District’s commitment to ensure parents and families are welcomed, engaged, and valued as stakeholders in the education of their children. The District will incorporate this Parent and Family Involvement Policy into its Local Education Agency (LEA) plan which is the required plan submitted to the state in its application to obtain Title I and other federal funding.

The Elementary and Secondary Education Act shall be referred to as ESEA. The United States Code shall be referred to as USC. A local education agency shall be referred to as LEA, which indicates a School District for this policy.

The term “parent” refers to a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child’s welfare). ESEA Section 9101(31)—20 USC 7801(31). This definition of “parent” shall be used as reference for this policy. The Pittsburgh School District also believes in the importance of “families” as other adults who play an important role in a child’s life.

The District recognizes the definition of parent involvement as provided for in the No Child Left Behind General Provisions Section: ESEA Section 9101(32)—20 USC 7801(32). The term “Parent Involvement” means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

1. That parents play an integral role in assisting their children’s learning.

2. That parents are encouraged to be actively involved in their children’s education at school.

3. That parents are full partners in their children’s education.
4. That parents are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

The Pittsburgh School District not only embraces the definition of parent involvement as defined in the No Child Left Behind Act, but further expands that definition to include diverse, ongoing, meaningful activities and opportunities that are designed to engage a range of parents and families throughout the school year. Some of these activities shall be focused on helping parents and families help their own children succeed academically, while others engage parents and families in the process of school improvement.

All efforts in the District shall be guided by extensive research that consistently links parental and family involvement with student success. Grounded in research and practical experience and around which programs will be implemented are six (6) components framed as the national PTA’s National Standards for Family-School Partnerships: Welcoming all families into the school, Communicating effectively, Supporting student success, Speaking up for every child, Sharing power and Collaborating with community. These national standards have been endorsed by the National School Boards Association and are will be endorsed by the Pittsburgh Board of Education with the adoption of this policy upon adoption of this document.

Parents and families are welcome and encouraged to attend all public sessions of the Pittsburgh Board of Education and may speak on issues related to agenda items at the monthly public hearing. Information on dates, times, and the process for being placed on the agenda can be provided through the Office of the Superintendent or the Board Office. Individual Board members may be contacted through the Board Office.

Section II – Policy Development and Dissemination

The District shall develop jointly with, agree on with, and distribute to, parents and families of participating children this written Parent and Family Involvement Policy. The policy shall be incorporated into the local District’s LEA plan developed under ESEA, establish the School

The District authorized a “District Public Engagement Policy Committee” to jointly develop this policy. Invited to participate were parents, organizations, and community members. A series of open meetings were held during which members brainstormed, reviewed the NCLB Act, reviewed current District policy and policies from other Districts, examined successful and unsuccessful experiences, attended workshops with leading national researchers such as Joyce Epstein, participated in the Governor’s Institute for Parental Involvement in Harrisburg, and came to consensus on a suggested policy. Members of the committee were exposed to a variety of facilitators during this process including District personnel, parents, RMC Research Corporation, and the Education Law Center’s School Reform Network. |

The policy will also be available to parents and families at local schools or through the **Equity Office Division of Communications and Marketing**. Community agencies or programs that have direct access to parents and families (Example: Welfare to Work, CYF, Urban League, NAACP, libraries, places of worship, etc.) may voluntarily distribute the policy at their sites.

Principals in each school shall convene an annual meeting, at a convenient time, to which all parents and families of participating children shall be invited and encouraged to attend. The purpose of this meeting shall be to inform parents and families of school policies, Title I offerings (where applicable), and the right and opportunities for involvement. This involvement includes the planning, review, and improvement of the Parent and Family Involvement Policy. The schools shall offer a flexible number of meetings to accommodate parents’ schedules, and may provide transportation, child care, home visits, or other services related to parental and family involvement. **ESEA Section 1118(c)(1)(2)(3)—20 USC 6318 (c)(1)(2)(3)**

The District will conduct, with parents and families, an annual evaluation of this Parent and Family Involvement Policy through the **Equity Office Division of Communications and Marketing**. (This process is specified in Section III of this policy.)

**Section III – Accountability, Responsibility, and Evaluation**

Within the administration of the **Pittsburgh School District of Pittsburgh**, there are several divisions/offices that have primary responsibility and accountability for implementing and monitoring provisions and initiatives of the District’s Parent and Family Involvement Policy:
1. The Division of Communications and Marketing Equity Office, under the direction of the Superintendent Office of the Chief of Staff or designee.

2. The Office of Curriculum, and Instruction and the Office of Professional Development, and the Office of School Performance Management, under the direction of the Deputy Superintendent or designee.

The Funding and Compliance Office, under the direction of the Assistant to the Superintendent for NCLB Compliance.

3. The Title Programs Office, under the direction of the Title Programs Coordinator.

The Equity Office Division of Communications and Marketing, in collaboration with the Office of Curriculum, and Instruction and Professional Development and the Office of School Performance Management, bears the primary responsibility for fostering programs, activities, and procedures for the Parent and Family Involvement Policy at the District level. It is the responsibility of the Equity Office Division of Communications and Marketing to develop, facilitate, and coordinate large-scale events and provide key support and resources for parent involvement.

The Funding and Compliance Office has responsibility and is accountable for all federal programs including Title I. As such, this office shall have the primary responsibility for ensuring compliance with the District’s Parent and Family Involvement Policy inclusive of all schools within the District’s public schools, not just schools qualifying for Title I assistance. (Refer to Section VII of this policy outlining the complaint process for all concerns/alleged violations regarding Title I and parent involvement.)

The District supports professional development opportunities for staff members, parents and families to enhance understanding of effective parent and family involvement strategies which lead to student achievement and student improvement. The Equity Office Division of Communications and Marketing, through the Office of Curriculum, Instruction and Professional Development, will support the development
of teaching curricula and training programs on parent and family involvement and best practices within the District and in the higher education community. These ongoing training programs will enable parents, families, teachers, District administrators, principals, and staff opportunities to increase their knowledge and skills in communicating with and engaging parents.

The District recognizes the importance of administrative leadership in setting expectations and will work with its administrators to enforce this policy. Principals bear the primary responsibility for ongoing parent and family involvement at the school level. Principals will work with classroom teachers to assure that they offer meaningful opportunities for parents and families to be full partners in their children’s education and safety, health and welfare while at school. Principals will be held accountable for fostering parent and family involvement in their schools, as defined in Section I of this policy. Parent and family involvement will be maintained as an essential part of school climate review under the school level improvement plan School Plan for Excellence (SPE). Principals, teachers, and staff members will be encouraged to select at least one individual goal to enrich parent and family involvement. This selection will become part of each annual individual evaluation. All employees will be held accountable for parent and family involvement and fostering positive parent interactions by their immediate supervisor.

This policy shall be reviewed annually as part of all staff development, including administrative and support staff. The policy shall also be reviewed as a part of all orientations for new staff within the schools by 2007.

The District encourages parents and families to become actively engaged with teachers and administrators at the onset of their children’s school careers. To foster this goal, the District will promote the integration of early childhood programs as a primary strategy to ensure parents and families are involved in and aware of school readiness and opportunities for involvement.

All parents and families will be asked to share responsibility with the District for:

|  | In order to facilitate parent and family responsibility for monitoring homework, attendance and academic achievement, the District and individual schools need to foster routine and frequent communications between the District/schools and families. Of paramount importance is a computer-based, information-sharing system by which parents and students can monitor homework, attendance, grades, test scores and academic achievement. An information sharing system, such as a web-based Parent Portal that is designed to allow parents, teachers and students to interact, needs to be utilized by all schools to the maximum extent possible.
A parent, student and teacher committee shall be formed, with the assistance of the [Equity Office](#), [Division of Communications and Marketing](#), to evaluate the utilization of parent, student and teacher “portals.” The committee shall also identify obstacles to its use and try to seek solutions. In order to further the stated goals, the parent, student and teacher committee shall work with the Office of Information and Technology or other designated Departments or staff necessary to maximize results. |

|  | 6. Providing for the health and well-being of their children including, but not limited to, discipline, nutrition, and hygiene. |
| **School-Parent Compact** |  |
As shared responsibility for high student academic achievement, each Title I school shall jointly develop with parents and families a school-parent-family compact that outlines how parents, families, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school, parents and families will build and develop a partnership to help children achieve the state’s high standards. ESEA 1118(d) – USC 6318(d) Since the District’s mission is to encourage the involvement of all parents and families, school-parent-family compacts shall also be part of the parent and family involvement process at schools not eligible for Title I assistance.

The District will conduct, with parents and families, an annual evaluation of the content and effectiveness of the Parent and Family Involvement Policy in improving the academic quality of its schools served. The Equity Office Division of Communications and Marketing shall be given responsibility for convening this annual committee for policy review. The evaluation will include identifying barriers to greater participation by parents and families in activities authorized by this Policy (with particular attention to parents and families who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The District will use the findings to design strategies for more effective parent and family involvement, and to revise, if necessary (and with the involvement of its parents and families), its Parent and Family Involvement Policy. ESEA Section 1118(a)(2)(E) – 20 USC 6318(a)(2)(E) The District will annually convene a focus group of parents, families and community members for this purpose and also distribute a Parent and Family Satisfaction Survey. Parents and families shall work with the Equity Office Office of Information and Technology in an advisory capacity to define the design and distribution of the survey. Results of the survey will be shared with all Parent School Community Councils and parent leaders.

Section IV – School Improvement Opportunities and Activities

All parents and families will have the opportunity to be selected to serve as volunteers on school and/or District initiated committees. The District
will make parents and families of children within the school system integral to all District committees that are created around issues of student achievement, school improvement, and the safety, health and welfare of children while at school. The District shall make every effort to utilize the skills, expertise, and interests of the maximum number of parents and families willing to make the commitment necessary for the committee's work and shall not limit parent and family participation to any particular subgroup. Parents and families selected to serve on committees should be willing to share information and bring the perspective of the broadest number of parents to the issue. Parents and families willing to volunteer to provide such service and make the necessary commitment should signify their willingness in writing and submit it to the Division of Communications and Marketing Equity Office or to the school principal on an annual basis or respond to specific requests as committees are created and the opportunity for participation arises.

No Child Left Behind gives parents explicit rights to be not only involved in their children's education but to be participants and to participate in the school improvement process as outlined below in this section of the policy. Parents and families also have the right to be part of "restructuring" efforts in schools that have consistently failed to make Adequate Yearly Progress (AYP) and have entered into Corrective Action stages. The School District shall not only give parents "an adequate opportunity to comment before taking any action but to participate in developing any plan for restructuring of the school." 20 U.S.C. 6316—NCLB defines "restructuring" as any arrangement "that makes fundamental reforms" aimed at improving student achievement. If the District cannot meet these obligations by accepting input from those parents and families who take the initiative to provide it, under the ESEA statute, the District has the obligation to reach out to parents to ensure they are aware of their right to participate in the restructuring process, per USDOE Parental Involvement Guidance 2004.

The School District will involve parents in activities of the schools [ESEA Section 1118(a) (2) (F) 20 USC 6318(a) (2) (F)], including the process of school review and improvement to assist students in achieving. ESEA Section 1118(a) (2) (A) 20 USC 6318(a) (2) (A) When a school has not met criteria for Adequate Yearly Progress and is
identified as in “school improvement” status, each school shall, not later than three (3) months after being so identified, develop or revise a school improvement plan—in consultation with parents, school staff, the School District, and outside experts. The plan shall cover a two-year period and include strategies based on scientifically based research to strengthen core academic subjects, directly address the academic achievement problem that caused the school to be identified, and provide for additional staff development. **ESEA Section 1116(b) (3) (A)**—20 USC 6316(b) (3) (A) Parents and families will be active partners to review the achievement data and assist in directing the School Plan for Excellence. Parents and families will participate in the implementation, budgeting, execution, and monitoring of the plan. Reports will be made available to parents and families as the plan progresses through PSCC/PTO/PTA monthly meetings and other creative methods of communication.

Schools operating a Schoolwide Program Plan under Section 1114 of the No Child Left Behind Act shall include a description of how parents and families will be involved in the development of the Schoolwide Program Plan within their school level Parent and Family Involvement Policy.

When a school has not met criteria for Adequate Yearly Progress and is identified as in “school improvement” status, each school shall, not later than three (3) months after being so identified, develop or revise a school level improvement plan—All District schools shall complete a school level improvement plan in consultation with parents, school staff, the School District, and outside experts. The school level improvement plan should be completed or revised within three (3) months of the beginning of each school year. When a school does not meet Adequate Yearly Progress (AYP) and is identified as in “school improvement” status, the school shall complete or revise a school level improvement plan within three (3) months after being so identified.

The plan shall cover a two-year period and include strategies grounded based on scientifically based research to strengthen core academic subjects, directly address the academic achievement problem that caused the school to be identified, and provide for additional staff development. Parents and families will be active partners to review the achievement data and assist in directing the school level improvement plan.
Parents and families will participate in the implementation, budgeting, execution, and monitoring of the plan. Reports will be made available to parents and families as the plan progresses through PSCC/PTO/PTA monthly meetings and other creative methods of communication.

The District will also provide the necessary coordination, technical assistance, and other reasonable support (as requested by parents and families) necessary to assist schools in planning and implementing effective parental and family involvement activities to improve student academic achievement and school performance.

ESEA Section 1118(a)(2)(B)—20 USC 6318(a)(2)(B) and ESEA Section 1118(e)(14)—20 USC 6318(e)(14)

The District will coordinate and integrate parental and family involvement strategies with other District operated programs. ESEA Section 1118(a)(2)(D)—20 USC 6318(a)(2)(D)—The District has embarked on a strong commitment to a “seamless” pre-school experience, including District-operated pre-school program and Head Start. Efforts from the District will be made to ensure seamless transitions from pre-school to elementary to middle and middle to high school. This will be accomplished by working with parents, families, students, staff and, where appropriate, community-based organizations. This will take place through parent and family workshops, parent meetings, Parent Policy Council, Parent School Community Councils, conferences, school visitations, Open House, and volunteering in the classroom. The District will fulfill the above requirements by initiatives outlined below and further reinforce its commitment in its Strategic Excellence for All Plan.

Parent School Community Councils (PSCC)

The District will maintain a core parent involvement initiative of Parent School Community Councils (PSCC)—established during the 1992-1993 school year as its action arm. All schools shall have an established PSCC and will convene monthly meetings to discuss educational issues through the school-level improvement “Getting Results” plan relevant to each school. Parents and families will be a part of the review and
revision of the school level improvement "Getting Results" plan and will be required to be part of the approval process on individual "Getting Results" school level improvement plans as the guiding principle in schools. Each "Getting Results" school level improvement plan will include parental and family involvement provisions linked to school improvement. A PSCC Handbook, including more detailed information and guidelines for District PSCCs, will be published by the District to serve as a guide for more detailed information and may be obtained by contacting the Equity Office Division of Communications and Marketing. Each PSCC is expected to abide by the terms of the PSCC Handbook.

Purpose –

Parent School Community Councils will create a climate where participation of all stakeholders results in increased understanding, commitment, responsibility, and satisfaction for the total school community. The purpose of the PSCCs Council is to provide direction and support to the school in the development and revision of its "Getting Results" school level improvement plan and to serve as an advisory body to the principal regarding issues such as student achievement, increasing parent and community support for the educational program, school safety, and dress codes. Individuals who participate maintain a seat on in the school PSCC shall assume responsibility for communicating information to other parents. Interested individuals should contact their schools to become involved. Council–PSCC meetings are open to the public.

Relationship To Other School Organizations –

There shall be a direct communication link established between the Parent School Community Council and other groups within the school. The Council–PSCC shall serve as a central clearinghouse and umbrella organization for information among groups with a shared mission of focusing on students. Each of the established groups within the Council PSCC will maintain their own identity and function. Representatives from these organizations communicate information to the Council–PSCC about their respective groups. They include, but are not limited to the following:
1. Instructional Cabinet
2. Discipline Committee
3. PTA/PTO
4. Right to Education Task Force
5. *Excellence for All* Parent Steering Committees
6. Early Childhood Education Policy Council, *where applicable*
7. School Volunteers

**PSCC Procedures** –

PSCCs shall hold monthly meetings. The date and time of such meetings will be posted on the school’s Internet site and publicized through other means of communication with parents and families of the school. Agendas shall be developed collaboratively between principals, parents and families. Each PSCC shall publish monthly meeting minutes and other relevant information on the school’s Internet site for access by all parents and families of the school. Meeting minutes shall also be available to parents and families upon request to the school principal.

**Membership Participation In Parent School Community Councils** –

Parents or family members interested in becoming a member of a Parent School Community Council (PSCC) should contact their school principal who will facilitate the process. Roles and responsibilities are outlined in detail in the District’s Parent School Community Council Handbook which can be obtained through the Equity Office Division of Communications and Marketing.

**Excellence For All Parent Steering Committee**

The *Excellence for All* Parent Steering Committee is comprised of four
or more parents or family representatives from each of the District’s 66 schools. These representatives are committed to working directly with the Superintendent as a sounding board for ideas, suggestions, issues, concerns, and discussions. They serve as District-wide committees such as focus groups, Charter School Review Teams, Book Selections, Discipline Policy Reviews, Parent and Family Policy Reviews, Gifted Education Task Force, etc. A commitment of two years is requested.

Early Childhood Education Programs

The District operates Early Childhood Education Programs that are funded by both Federal Head Start and State Pre-Kindergarten grants. All programs follow the Head Start Performance Standards which include a high level of parent and family involvement and engagement in the programs. Parents with children in early childhood education programs will also be included in the school-based parent and family involvement and engagement.

PTO/PTSO

Parents and families in schools may organize and participate in activities of a locally organized Parent Teacher Organization (PTO) for greater involvement in the schools. Local membership is open to those willing to make a difference in the lives of children and youth. As a supportive arm of education, they offer a vehicle for parents and families to participate in activities such as Family Fun Nights, Family Science Nights, Family Math Nights, Book Fairs and other events that provide families information on school, District and state programs, and also equip families to support learning at home.

PTA/PTSA

Parents and families in schools may organize, participate, and join a local Parent Teacher Association (PTA), a local non-profit 501(c)(3) group with a state and national affiliation and voice for parents and families. Membership is open to those willing to make a difference in the lives of children and youth through improving policies and laws, receiving leadership skills and opportunities, and sharing valuable state and national information on the health, education, and welfare of
children. Like the PTO/PTSO model, these groups also serve as vehicles for information dissemination to families.

Right To Education Task Force

The Right to Education Task Force is a parent-led group that meets monthly to provide updates on issues and topics that affect special education in the District. Parents, relatives, and guardians of children who receive special education services are invited to attend any meeting and become participating members. Each meeting includes time for discussion of parent concerns. Information on where and when meetings are held is available from the District’s Program for Students with Exceptionalities and is posted on the District calendar, which can be found on the District’s Internet site. Meetings are held on the fourth Tuesday of the month at 6:00 PM at Achieva, 711 Bingham Street, Pittsburgh, PA (South Side).

Right to Education Task Force members include parents, public agencies, and school officials. Pittsburgh School District Administrators from the Program for Students with Exceptionalities attend each meeting. The purpose of the Right to Education Task Force is to monitor the delivery of special education services in District schools, address parent concerns, and communicate problems to the appropriate sources. The Right to Education Task Force works to ensure that parents and families of students who receive special education services are provided information on District programs and equal access to these programs. The group is part of the State Local Task Force System comprised of 29 parent-led task forces, one in each Intermediate Unit in Pennsylvania.

For more information, call the Parent-to-Parent Special Education Helpline at 412-323-3996.

School Volunteers

While the District’s Parent and Family Involvement Policy largely defines mandated legal parental involvement provisions as stipulated by federal law, the District also realizes that many other adults play an important role in a child’s life. The School District welcomes into its
buildings all individuals who carry responsibility for a child’s development, education, safety and well-being, including grandparents, aunts, uncles, neighbors, and community members. All stakeholders who wish to assist in the academic achievement or school improvement process are welcome to serve as school volunteers.

Consistent with Board Policies 920 – Background Checks and 1004 – School Visitors, regular volunteers are required to have Act 34 both Criminal Background History and Act 151 Child Abuse History clearances before volunteering in schools. Once parents/guardians are cleared, they are cleared for a three year period. This means that parents/guardians only have to get new clearances once every three years. Copies of all clearances will be kept on file with the designated central District office. Volunteers inactive for a two-year or more time period must reapply for clearances.

Parent Hotline

The District has established a “Parent Hotline” that can be accessed for concerns, complaints, questions, and information. The number for the Hotline is 412-622-7920.
