Parent Involvement Policy

This policy is to comply with Public Law 107-110, 107\textsuperscript{th} Congress, signed on January 8, 2002, referred to as the reauthorization of the Elementary and Secondary School Act (ESEA) of 1965 and commonly cited as the “No Child Left Behind Act of 2001.” References to mandated provisions of ESEA are indicated in bolded italics with the first reference being to ESEA and the second reference to the official citation in the United States Code.

Section I—Parental Involvement General Provisions, Expectations, and Definitions

This policy shall establish the role of the Pittsburgh School District in involving parents and clarifies the relationship between the school’s role in parental participation and the role of the parent. It shall not only reflect the school district’s mission of promoting the achievement of every child but shall establish a framework for recognizing the value of parents and for promoting meaningful parental participation. The Board of Education recognizes that a child’s education is a responsibility shared by the school and family. To support this goal, the school and parents must work as knowledgeable partners. All employees of the district at each school must create a climate of respect for and cooperation with parents that will be evident in all parent, teacher, and staff interactions.

PITTSBURGH SCHOOL DISTRICT MISSION

The Pittsburgh School District not only recognizes parents as key stakeholders in their children’s education, but places “parent involvement” as a part of the district Mission Statement contained in the state mandated district Strategic Plan for 2002-2007. The statement is as follows:

“The mission of the Pittsburgh Public Schools is to improve academic and social achievement to state academic goal standards for all students, one child at a time, by providing outstanding staff, curriculum and instructional practices, and a wide range of productive opportunities for parent/community involvement. This will enable all students to be successful school and community citizens who can become contributing adults.”

The No Child Left Behind Act clearly states its purpose as ensuring all children the opportunity to obtain a high quality education and acknowledges that one of the primary ways to accomplish this is by “affording parents substantial and meaningful opportunities to participate in the education of their children.” ESEA Section 1001(12)—20 USC 6301(12) This policy shall bring the district into compliance with No Child Left Behind provisions that specifically recognize parent involvement as a research-based educational practice that yields high results. This policy shall cover the involvement of all parents across any federal, state, or local programs being implemented in the district. The district recognizes and respects the wide variety of ways in which parents can be involved—whether district-initiated, school-initiated, or parent-initiated. This policy shall serve as written documentation of the Pittsburgh School District’s commitment to ensure parents are welcomed, engaged, and valued as stakeholders in the education of their children. The district will incorporate this parent involvement policy into its Local Education Agency (LEA) plan which is the required plan submitted to the state in its application to obtain Title I and other federal funding.

The Elementary and Secondary Education Act shall be referred to as ESEA. The United States Code shall be referred to as USC. A local education agency shall be referred to as LEA, which indicates a school district for this policy.
The term "parent" refers to a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare). ESEA Section 9101(31)—20 USC 7801(31) This definition of "parent" shall be used as reference for this policy.

The district recognizes the definition of parent involvement as provided for in the No Child Left Behind General Provisions Section: ESEA Section 9101(32)—20 USC 7801(32) The term "Parent Involvement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- That parents play an integral role in assisting their children's learning;
- That parents are encouraged to be actively involved in their children's education at school;
- That parents are full partners in their children's education; and
- That parents are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

The Pittsburgh School District not only embraces the definition of parent involvement as defined in the No Child Left Behind Act, but further expands that definition to include diverse, ongoing, meaningful activities and opportunities that are designed to engage a range of parents throughout the school year. Some of these activities shall be focused on helping parents help their own children succeed academically, while others engage parents in the process of school improvement.

All efforts in the district shall be guided by extensive research that consistently links parental involvement with student success. Grounded in research and practical experience and around which programs will be implemented are six (6) components framed as national PTA's National Standards for Parent Involvement Programs: Communicating, Parenting, Student Learning, Volunteering, School Decision Making and Advocacy, and Collaborating with Community. These national standards have been endorsed by the National School Boards Association and will be endorsed by the Pittsburgh Board of Education upon adoption of this document.

Parents are welcome and encouraged to attend all public sessions of the Pittsburgh Board of Education and may speak on issues related to agenda items at the monthly public hearing. Information on dates, times, and the process for being placed on the agenda can be provided through the Office of the Superintendent or the Board Office. Individual board members may be contacted through the Board Office.
Section II—Policy Development, Dissemination, and Evaluation

The district shall develop jointly with, agree on with, and distribute to, parents of participating children this written parent involvement policy. The policy shall be incorporated into the local district’s LEA plan developed under ESEA, establish the school district’s expectations for parent involvement, and describe how the district will implement provisions.  *ESEA, Section 1118(a)(2)—20 USC 6318(a)(2)* If the required district plan is not satisfactory to the parents of participating children, the school district shall submit any parent comments with the district plan upon submission to the state.  *ESEA, Section 1118(b)(4)—20 USC 6318(b)(4)*

The district authorized a “District Public Engagement Policy Committee” to jointly develop this policy. Invited to participate were parents, organizations, and community members. A series of open meetings were held during which members brainstormed, reviewed the NCLB Act, reviewed current district policy and policies from other districts, examined successful and unsuccessful experiences, and came to consensus on a suggested policy. Members of the committee were exposed to a variety of facilitators during this process including district personnel, parents, RMC Research Corporation, and the Pennsylvania School Reform Network. The committee was also given the opportunity to work first-hand with leading national researcher Dr. Joyce Epstein in a day-long session to examine and implement years of research on parent involvement practices. On two separate occasions, the district coordinated teams of school personnel and parents—representative of elementary through high school and charter schools—and participated in the Governor’s Institute for Parental Involvement at the state capital.

In carrying out this policy, the district shall provide, to the extent practicable, full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports in a language such parents can understand.  *ESEA Section 1118(f)—20 USC 6318(f)* The district shall also provide speech and hearing interpreters for parent-teacher conferences, Parent School Community Council meetings, and other activities as requested and deemed necessary.

This parent involvement policy shall be distributed annually to parents. Parents shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language that parents can understand. The policy shall be made available to the local community and updated periodically—with the involvement of parents—to meet the changing needs.  *ESEA Section 1118(b)(1)—20 USC 6318(b)(1)* The policy will be available to parents at local schools, the Parent Educational Resource Centers, or the Division of Communications and Marketing. Community agencies or programs that have direct access to parents (Example: Welfare to Work, CYF, Urban League, NAACP, libraries, places of worship, etc.) may voluntarily distribute the policy at their sites.

Principals in each school shall convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend. The purpose of this meeting shall be to inform parents of school policies, Title I offerings (where applicable), and the right and opportunities for involvement. This involvement includes the planning, review, and improvement of the parent involvement policy. The schools shall offer a flexible number of meetings to accommodate parents’ schedules, and may provide transportation, child care, home visits, or other services related to parental involvement.  *ESEA Section 1118(c)(1)(2)(3)—20 USC 6318 (c)(1)(2)(3)*

The district will conduct, with parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of its schools served. The evaluation will include identifying barriers to greater participation by parents in activities authorized by this policy (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The district will use the findings to design strategies for more effective parental involvement, and to revise, if necessary (and with the involvement of its parents), its parental involvement policies.  *ESEA Section 1118(a)(2)(E)—20 USC 6318(a)(2)(E)* The district will annually convene a focus group of parents and community members for this
purpose and also distribute a Parent Satisfaction Survey. Parents shall work with the Office of Information and Technology in an advisory capacity to define the design and distribution of the survey. Results of the survey will be shared with all Parent School Community Councils and parent leaders.

Section III—Accountability and Responsibility

The Division of Communications and Marketing, under the direction of the Office of Chief of Staff, will support the parent engagement options in the Pittsburgh School District. This office will develop, facilitate, and coordinate large-scale events and provide key support for parent involvement. This Division—in collaboration with the Federal Programs Office and Division of Instructional Support—bears the primary responsibility for fostering programs, activities, and procedures for the involvement of parents at the district level as outlined in this policy. Parental inquiries regarding violations of federal policy may be directed to the Compliance Officer for Federal Programs at the school district level.

The Parent Educational Resource Centers (PERC) staff, under the direction of the Division of Communications and Marketing, will work to provide parent involvement support for schools.

The district supports professional development opportunities for staff members and parents to enhance understanding of effective parent involvement strategies which lead to student achievement and student improvement. The Division of Communications and Marketing will support the development of teaching curricula and training programs on parental involvement and best practices within the district and in the higher education community. This support will enable parents, teachers, district administrators, principals, and all staff opportunities to increase their knowledge and skills in communicating and working with parents.

The district recognizes the importance of administrative leadership in setting expectations and will work with its administrators to enforce this policy. Principals bear the primary responsibility for ongoing parent involvement at the school level. Principals will work with classroom teachers to ensure that they offer meaningful opportunities for parents to be full partners in their children’s education and will be held accountable for fostering parental involvement in their schools, as defined in Section I of this policy.

Parent involvement will be maintained as an essential part of school climate review under the Employee Performance Appraisal System (EPAS). Principals, teachers, and all staff members will be encouraged to select at least one individual goal to enrich parent involvement. This selection will become part of each annual individual evaluation. All employees will be held accountable by their immediate supervisor.

This policy shall be reviewed annually as part of all staff development, including administrative and support staff. The review shall also be a part of all orientations for new staff within the schools.

To encourage the continuity of involvement, the district will promote the integration of early childhood programs as a primary strategy to ensure parents are involved in and aware of school readiness and opportunities for involvement.

All parents will be asked to share responsibility with the district for:

- Communication between the home and school on an ongoing basis; *ESEA 1118(d)(2)—USC 6318(d)(2)*
- Support of their children’s learning, such as monitoring attendance, homework completion, and television watching, and positive use of extracurricular time; *ESEA 1118(d)(1)—USC 6318(d)(1)*
- Participating in decisions relating to the education of their children; *ESEA 1118(d)(1)—USC 6318(d)(1)*
- Participating in all parent-teacher conferences; *ESEA 1118(2)(A)—USC 6318(d)(2)(A)*
- Responding to school notices and requests by deadlines given; and
- Providing for the health and well-being of their children including, but not limited to, discipline, nutrition, and hygiene.
As shared responsibility for high student academic achievement, each Title I school shall jointly develop
with parents a school-parent compact that outlines how parents, the entire school staff, and students will
share the responsibility for improved student academic achievement and the means by which the school
and parents will build and develop a partnership to help children achieve the state's high standards.

ESEA 1118(d)—USC 6318(d)

Section IV—School Improvement Opportunities and Activities

The school district will involve parents in activities of the schools [ESEA Section 1118(a)(2)(F)—20 USC
6318(a)(2)(F)], including the process of school review and improvement to assist students in achieving.

ESEA Section 1118(a)(2)(A)—20 USC 6318(a)(2)(A) When a school has not met criteria for Adequate Yearly
Progress and is identified as in "school improvement" status, each school shall, not later than three (3)
months after being so identified, develop or revise a school improvement plan—in consultation with
parents, school staff, the school district, and outside experts. The plan shall cover a two-year period and
include strategies based on scientifically based research to strengthen core academic subjects, directly
address the academic achievement problem that caused the school to be identified, and provide for
additional staff development. ESEA Section 1116(b)(3)(A)—20 USC 6316(b)(3)(A) Parents will be active partners
to review the achievement data and assist in directing the school improvement plan. Parents will
participate in the implementation, budgeting, execution, and monitoring of the plan. Reports will be made
available to parents as the plan progresses.

The district will also provide the necessary coordination, technical assistance, and other reasonable
support (as requested by parents) necessary to assist schools in planning and implementing effective
parental involvement activities to improve student academic achievement and school performance.

ESEA Section 1118(a)(2)(B)—20 USC 6318(a)(2)(B) and ESEA Section 1118(e)(14)—20 USC 6318(e)(14)

The district will coordinate and integrate parental involvement strategies with other district operated
programs. ESEA Section 1118(a)(2)(D)—20 USC 6318(a)(2)(D) The district has embarked on a strong
commitment to a "seamless" pre-school experience, including district-operated pre school program and
Head Start. It will not only work with teachers to focus on the transition from pre-school to Kindergarten,
but parents as well. Through parent workshops, conferences, school visitations, Open House, and
volunteering in the classroom, it will provide opportunities for transitioning to school. The district will fulfill
the above requirements by initiatives outlined below and further reinforces its commitment in its general
mission statement:

PARENT SCHOOL COMMUNITY COUNCILS

The district will maintain a core parent involvement initiative of Parent School Community Councils
established during the 1992-1993 school year as its action arm. All schools shall have an established
PSCC and will convene monthly meetings to discuss educational issues through the Comprehensive
Education Improvement Plan (CEIP) relevant to each school. Parents will be a part of the review and
revision of the CEIP and will be required to be part of the approval process on individual CEIP's as the
guiding principle in schools. Each CEIP will include parental involvement provisions linked to school
improvement. A PSCC Handbook will be published by the district to serve as a guide for more detailed
information and may be obtained by contacting the Division of Communications and Marketing.

PURPOSE

Parent School Community Councils will create a climate where participation of all stakeholders results
in increased understanding, commitment, responsibility, and satisfaction for the total school
community. The purpose of the Council is to provide direction and support to the school in the
development and revision of its Comprehensive Educational Improvement Plan (CEIP) and to serve
as an advisory body to the principal regarding issues such as student achievement, increasing parent
and community support for the educational program, school safety, and dress codes. Individuals who
maintain a seat on the PSCC shall assume responsibility for communicating information to other parents. Interested individuals should contact their schools to become involved. Council meetings are open to the public.

RELATIONSHIP TO OTHER SCHOOL ORGANIZATIONS
There shall be a direct communication link established between the Parent School Community Council and other groups within the school. The Council shall serve as a central clearinghouse and umbrella organization for information among groups with a shared mission of focusing on students. Each of the established groups within the Council will maintain their own identity and function. Representatives from these organizations communicate information to the Council about their respective groups. They include, but are not limited to the following:

- Instructional Cabinet
- Discipline Committee
- PTA/PTO
- Parent and Key Communicators
- District-wide Title I Parent Advisory Council
- Head Start Parent Policy Council
- School Volunteers

MEMBERSHIP IN PARENT SCHOOL COMMUNITY COUNCILS
Parents interested in becoming a member of a Parent School Community Council should contact their school Principal who will facilitate the process. Roles and responsibilities are outlined in detail in the district’s Parent School Community Council Handbook which can be obtained through the Division of Communications and Marketing or the Parent Educational Resource Centers.

PARENT COMMUNICATORS
Parent Communicators are parents in the schools who network with other parents and parent groups through the Parent Educational Resource Centers. They become the voice for school-based issues; share information, good news, and exciting events and activities; and receive training on district initiatives, programs and areas of concern. All Parent Communicators shall be members of individual Parent School Community Councils to enable them to serve as a critical link in two-way communication.

The role of the Parent Communicator is to share information received at the Parent Communicators’ Meetings with the PSCC. Parent Communicators meet on a monthly basis in network area meetings at North, South, East, West, and Central Parent Educational Resource Center locations. Each year, schools identify one or two parents who have exhibited leadership skills and are willing to fulfill this role. Interested individuals should contact the principal of their school.

KEY COMMUNICATORS
Key Communicators are parents, grandparents, or guardians of children in the Pittsburgh School District who have their “fingers on the pulse” of school life and have exhibited strong leadership skills. Many of these skills may have been gained from training and opportunities provided by the district. They network with other school-based and district-wide parent groups. Key Communicators meet with the Superintendent on a monthly basis to receive information from the Superintendent, parent organizations, and other parents. All Key Communicators shall be members of individual Parent School Community Councils to enable them to serve as a critical link in two-way communication. Their responsibility is to bring district-wide concerns to the attention of the Superintendent of Schools. They also are responsible for reporting back to their respective Parent School Community Councils responses and information about these issues. Key Communicators also receive training in district-wide initiatives.

Public Engagement Policy Committee
Pittsburgh School District

Stakeholders are parents, families, guardians, and community members who represent Title I eligible schools and who have a vested interest in student achievement. Council members have permanent seats on their school’s Parent School Community Council. Monthly meetings of the District-wide Title I Parent Advisory Council are held under the direction of the Division of Communications and Marketing. Additional roles played by the council include the following:

- To serve as a link between Title I stakeholders and the Pittsburgh School District;
- To provide stakeholders with information about their right to be involved in federal education programs;
- To inform parents about the laws, regulations, and guidelines of the Title I program;
- To act as an advocate for parents in school district matters such as the development of policy, parent-teacher compacts, and other Title I parent involvement requirements;
- To involve Title I parents in the decisions regarding how Title I funds are reserved and allotted for parental involvement activities. *ESEA Section 1118(a)(3)(B)—20 USC 6318(a)(3)(B)*

**HEAD START PROGRAM**

The district will operate a federally sponsored Head Start program and will collaborate with the program to integrate Head Start parent activities with parental involvement activities in the district. The district will support the active involvement of Head Start parents not only with other district-operated pre-school programs, but with activities designed to assist parents transitioning their children to school.

**PTO/PTSO**

Parents in schools may organize and participate in activities of a locally organized Parent Teacher Organization (PTO) for greater involvement in the schools. Local membership is open to those willing to make a difference in the lives of children and youth. As a supportive arm of education, they offer a vehicle for parents to participate in activities such as Family Fun Nights, Family Science Nights, Family Math Nights, and Book Fairs.

**PTA/PTSA**

Parents in schools may organize, participate, and join a local Parent Teacher Association (PTA), a local non-profit 501(c)(3) group with a state and national affiliation and voice for parents. Membership is open to those willing to make a difference in the lives of children and youth through improving policies and laws, receiving leadership skills and opportunities, and sharing valuable state and national information on the health, education, and welfare of children.

**SCHOOL VOLUNTEERS**

While this policy largely defines mandated legal parental involvement provisions as stipulated by federal law, the district also realizes that many other adults play an important role in a child’s life. The school district welcomes into its buildings all individuals who carry responsibility for a child’s development, education and well-being, including grandparents, aunts, uncles, neighbors, and community members. All stakeholders who wish to assist in the academic achievement or school improvement process are welcome to serve as school volunteers. Volunteers are required to have both Criminal Background History and Child Abuse History clearances before volunteering in schools.
Section V—Building Capacity and Parent Educational Resource Centers

The Division of Communications and Marketing will support all capacity building and opportunities for parent involvement. Parent Educational Resource Centers (PERC) will operate at selected locations. Through the PERCs, professional development opportunities for staff and parents will be provided. Information will be available for all parents at the PERCs established in the district. Center assistants will help parents access the information or forward requests to the Division of Communications and Marketing.

The Parent Educational Resource Centers will be given responsibility for facilitating workshops and training for parents of children in the Pittsburgh School District, inclusive of parents with children in Pre-Kindergarten through 12th Grade. Workshops and training will enhance the knowledge and skill level of parents as they relate to the academic success of their children. The PERCs will provide opportunities for parents to engage in literacy activities through Book Clubs, math activities through workshops, technology through the district “Dashboard” initiative, and activities promoting the general health, nutrition, and welfare of their children.

The district will ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand. ESEA Section 111B(e)(4)—USC 6318(e)(4) "Public School Choices," a publication which contains information on magnet schools and programs, shall be mailed to every parent at the beginning of each school year. MR. ISLER: All right. Could we all rise and salute the flag.

(Salute to the flag.)

MR. ISLER: Thank you, ladies and gentlemen.

I would like to ask you, before we actually begin this meeting, if anybody has a pager or cell phone, could you please turn it off. This is very tight quarters, and it was very disconcerting during the last meeting, although it was mostly Board members.

I would officially like to call the Tuesday, February 8, 2005 Board of Education meeting to order.

We have two items on the agenda. One is a report on the Committee on Education, and one is dealing with personnel. But before we begin, Mr. Weiss, could you please call the roll.

MR. WEISS: Mr. Brentley?

MR. BRENTLEY: Here.

MR. WEISS: Mrs. Colaizzi.

MS. COLAIZZI: Here.

MR. WEISS: Dr. Dowd?
The first item for the Board's consideration tonight is voting on the parent involvement policy. It appeared in our legislative books at the last session, it was asked if we could just pull it, we had a meeting prior to this, the Education Committee, again it was submitted to this Board for approval.

Are there any questions, comments, suggestions, concerning the Report on Education, which
is the parent policy?

Yes, Dr. Dowd.

DR. DOWD: I would just again like to thank Donna Vlassich, Sandy Zelnow, all of the parents who were involved in this, the dozens of parents from around the District.

I think that this is really an important piece for our District, and I appreciate their hard work and effort.

MR. ISLER: Thank you, Dr. Dowd.

Any other?

Hearing none, Mr. Weiss, could we please have a roll call on the Committee on Education, which is to adopt the parent involvement policy of the Pittsburgh Public School District.

MR. WEISS: Mr. Brentley?

MR. BRENTLEY: Yes.

MR. WEISS: Mrs. Colaizzi?

MS. COLAIZZI: Yes.

MR. WEISS: Dr. Dowd?

DR. DOWD: Yes.

MR. WEISS: Mrs. Fink?

MS. FINK: Yes.

MR. WEISS: Mr. Matthews?

MR. MATTHEWS: Yes.
MR. WEISS: Mr. McCrea?
MR. McCREA: Yes.
MR. WEISS: Mr. Romaniello?
MR. ROMANIELLO: Yes.
MR. WEISS: Mr. Taylor?
MR. TAYLOR: Yes.
MR. WEISS: Mr. Isler?
MR. ISLER: Yes.
MR. WEISS: All approved.
MR. ISLER: Thank you, Mr. Weiss.
The next item is the Personnel Report, was the appointment of the interim Superintendent. I think Board members have the human resources report dated February 8th, 2005. I will read the resolution.
MR. BRENTLEY: Mr. President.
MR. ISLER: Yes, sir.
MR. BRENTLEY: Is there a possibility, before we do that, could I just ask for a clarifying question from Mr. Weiss?
MR. ISLER: Yes, sir.
MR. BRENTLEY: And that is, a question concerning the process, the resolution passed last week. What is the process for removing, or
rescinding a resolution?

MR. ISLER: Actually, I think we need to make sure we have the language correct. Would you please be specific as to which you are speaking of?

MR. BRENTLEY: Yes. The Dowd resolution passed January 26th, by I believe the majority of five Board members, if I am not mistaken, last week, at last week's legislative meeting.

MR. ISLER: It is a parliamentary question to Mr. Weiss.

MR. WEISS: A person who voted in the affirmative, would have to make a motion to rescind it.

MR. BRENTLEY: And it is something that would require the majority vote?

MR. WEISS: Yes.

MR. BRENTLEY: Okay.

Mr. President, if it's acceptable, can I just raise a question to my colleagues?

MR. ISLER: You have the floor, Mr. Brentley.

MR. BRENTLEY: Well, I would just ask, I did not vote in the affirmative for that policy, but
it is -- it is my belief that that one policy has caused a lot of problems, and I think there is no need to bring up the policy -- I mean, the problems that it caused, and the blood battle that happened afterwards. But I am asking, or appealing to these Board members here, who voted in the affirmative, if there is a possibility to just make the motion to have that policy rescinded, and let's just allow the present Superintendent, Dr. John Thompson, to finish his term, and allow this Board to do what we actually had set out to do in the beginning, and that was to enter into negotiations for a contract for our Superintendent.

Mr. President, I believe that we can resolve a whole lot of problems, if those members, who voted in the affirmative, would simply put that motion forward, allow this body to vote on it, and let's move on and get about the business of allowing our Superintendent to do his job, and to move forward.

MR. ISLER: Mr. Brentley has made a request to the Board.

There are five individuals who voted in favor of that, one of those five individuals would have to bring this forward.

Mr. Brentley, may I move on?
The resolution was prepared by our chief counsel, at the request of this Board, and I would like to read it.

(Mr. Isler read from prepared material.)

MR. ISLER: This was prepared by our counsel according to the Public School Code, language taken directly from the code.

The resolution is before you. We need a motion to accept and a second, prior to getting into any discussion, or for a vote.

MR. ROMANIELLO: So moved.

MR. McCREA: Second.

MR. ISLER: It has been moved and seconded.

Is there any discussion or comments?

Dr. Dowd.

DR. DOWD: One of the things that Dr. King and I share, is that we get up very early, and this morning Dr. King and I spoke before school, and I told him that I would make some comments.

He knows of the nature of these comments, but I feel compelled to make them.

And I have worked with Dr. King since taking office, and do respect him greatly.
I will, however, be abstaining on this vote to appoint Dr. King as interim Superintendent, Acting Superintendent of the Pittsburgh Public Schools.

As a father of daughters, and a person who works in the classroom daily with young people, particularly young women, I cannot vote yes, as I told you this morning.

The exploitation of women, in my opinion, particularly powerless women, is something about which we all must be concerned, and none of us can ignore.

At this critical juncture, however -- at this critical juncture, I remain committed, as I have been since I started here, to improving student achievement, and I know that Dr. King is committed as I am, if not more.

And I would hope that my colleagues and I, along with Dr. King, as the Acting Superintendent of the Pittsburgh Public Schools, will meet on the common ground of improving student achievement, and that when we meet, I hope in the very near future, we can establish three very important pieces to move this District forward immediately.

I will hope that my colleagues, including Dr. King and I, can meet to identify an agenda, and a time line for the interim period.
I hope also that we can establish an evaluation mechanism for Dr. King. We all know the critical value of evaluations. And, of the cabinet that will serve under him. And finally, I would hope that we can all meet on the common ground of improving student achievement, to form a framework for a partnership that we can build with the citizens of Pittsburgh, to establish an accountability contract for the next Superintendent of the Pittsburgh Public Schools.

So, Dr. King, I stand ready to work with you, I will be abstaining, but I am more than ready to work with you, and my colleagues on the Board.

Mr. ISLER: Dr. Dowd, any other comments? Mr. Weiss, hearing none, could we have a roll call, please.

Mr. BRENTLEY: Yes, Mr. President. Mr. ISLER: I'm sorry, Mr. Brentley, I didn't see your hand, when I asked.

Mr. BRENTLEY: Yes, sir. Mr. President, I would just like to mention that hopefully, if this moves forward, it would allow the District to move forward.
But I also think that it is time that this Board would also step up to the plate, and that we commit to the Superintendent, whether it's the Acting Superintendent, or the new Superintendent in a year or so -- in a year later.

I think, Mr. President, that it would be great if we were able to explore the possibilities of signing a contract, our commitment to the District, to the Superintendent, that we will not micromanage, we will not blind side this administration with resolutions, we will not put our political muscle on him, in making decisions, and that we would just simply do something similar to what Dr. Faisson had required of the Board, years ago, when she stepped into the acting position, and it was just some really, some basic things.

It was a partnership, and it was a commitment.

Because if not, it will be Dr. King, it could be Dr. Thompson, it could be the new Superintendent, and they will be faced with the same problems that this Board has historically caused, that is, the micromanaging, and that is the nitpicking and the involvement of the everyday operation of this District, that it is not our job.
Our job is to set policy, evaluate policy, create policy, hire, fire, promote and demote. I mean that's it in a nutshell.

So, Mr. President, I am asking you if we can also, not only explore that possibility, but within a week's time, let's have the contract, and maybe for the next legislative meeting, I am sure Dr. Faisson will be more than happy to share what she was able to use, and I think symbolically, it would be great for this city.

Also, I do believe that as a matter of fact, Mr. President, you know my feelings on this resolution, but I feel that I can go either/or, but I feel bound by this, and my hands have been tied by the resolution passed last week, by this Board.

As you know, those dates were put in the Board, that the sponsor of that resolution wanted Dr. Thompson out by the 9th.

And here we are at the 8th, and by law, we have to have a Superintendent and, so, I am really disappointed in that process, and I have expressed that, because I believe had we given -- had the other Board members been given an opportunity to at least add some things, possibly by an additional 20 or 30 days, to walk through this process.
You know, Mr. President, that we have given up two Sundays trying to address this issue, before those dates were put in there.

None of those dates have ever been checked with any of the Board, so here we are now, the midnight hour, having to do this, and at the same time -- and I would hope that somebody, maybe you, Mr. President, can tell me why we moved forward with the Acting Superintendent; what is the role and the title and the position of Dr. John Thompson.

We have unfinished business on the table, and it would be great, if somebody -- and I am a Board member, if somebody can even explain that to me, so I know the public is confused, if someone could explain that, that would be real helpful, what is his status? What is his status now, what is his status as of midnight tomorrow?

MR. ISLER: I think, Mr. Brentley, what I can tell you, is there is a committee of the Board working on that, and it is in process.

MR. BRENTLEY: Okay.

MR. ISLER: Thank you.

Any other comments?

Mr. Matthews?

Hearing none, Mr. Weiss, could we have a
1 roll call, please.

MR. WEISS: Mr. Brentley?

MR. BRENTLEY: Yes. I have to vote yes, bound by the Dowd resolution.

MR. WEISS: Mrs. Colaizzi?

MS. COLAIZZI: Yes.

MR. WEISS: Dr. Dowd?

DR. DOWD: I abstain.

MR. WEISS: Mrs. Fink?

MS. FINK: Yes.

MR. WEISS: Mr. Matthews?

MR. MATTHEWS: Yes.

MR. WEISS: Mr. McCrea?

MR. McCREA: Yes.

MR. WEISS: Mr. Romaniello?

MR. McCREA: Yes.

MR. WEISS: Mr. Taylor?

MR. TAYLOR: Yes.

MR. WEISS: Mr. Isler?

MR. ISLER: Abstain.

MR. WEISS: The motion carries, seven in favor, two abstentions.

Thank you.

Is there any other new business to be brought before this Board?
Mr. Brentley.

MR. BRENTLEY: Yes, Mr. President, on a lighter note, I just want to remind folks that this coming Thursday, please make sure that you check out our local high school players, they will be participating in the live call in show, PCTV, talking about their lives off the field, and what their future plans are, and that's this Thursday, at 6:00 o'clock, and I would hope everyone would tune in.

Let's support our students.

MR. ISLER: Thank you, Mr. Brentley.

Mr. Taylor.

MR. TAYLOR: Yes.

I want to, first of all, congratulate Dr. King.

DR. KING: Thank you.

(Applause.)

MR. TAYLOR: And most importantly, I want to thank you for what you have done for this District, and these students over 30 years, and I particularly want to thank you for having the courage to step into this position, knowing some of the statements that would be said; unfortunately, some of those statements even from School Board members.

So it took a lot of courage for you to do
that, but it does not surprise me, that you would step
in and do what you have always said, that you will
serve this District in any way that we have asked you
to do.

No matter what emergency it's been, no
matter what crisis it's been, no matter what program
we wanted to initiate, all of us always turn to
Dr. King.

And one of the things that I am most
pleased to see, is that the Board has now gone across
many of the political lines, and divisions that we
have had, to support you, and I hope that communicates
a message to the public, that a Board, that has been
many times looked at as being divisive, and fractured,
has come together in your support.

But we have our -- we have much work ahead
to do, in the coming months, and years, and one of the
most vital things we have to do is to save this
District.

I believe that the same people who had
designs on the City of Pittsburgh, which was to
basically take over the city, and take away the
decision-making power away from voters, and taxpayers,
and put it into unelected officials, I think those
same forces are at work around the School District.
I do not want to see our children's education being taken out of the hands of the people, and placed in the hands of unelected, unaccountable people, who don't even live here. And I believe that you are uniquely positioned now, with the support of the Board, to help us fight that battle.

And I think the way that we fight that battle, is to get away from the divisiveness, and the talking about cars, and limousines, that the media, that we see here, and running negative stories, played just as equal a role as Board members.

It was the media who talked about cars, and limousines, and clothes.

And so we have -- we have much work to do, but we want to do, and hope that the media who reported those kind of negative things, will now join us in a campaign around making education of our children the top priority in this city.

The Pittsburgh Public Schools, if they go down, this whole city is gone.

And I know I am going to fight for my community, because I know as an African American, education has been the only way out for many of us.

And I have got to fight to make sure that
this system accommodates every child, and it is
educating every child to the best of their ability.

So I hope that you will join me, that
other Board members will join me, in beginning to talk
about how we can increase the Parent School Community
Councils, and get people involved.

Instead of writing letters, and making
statements, or picketing, protesting, get in your
school, your local school, whatever school is closest
to you, walk into the door and say, "I want to join
the Parent School Community Council," and roll up
those sleeves.

Let's begin to talk about truancy, and
making sure that our children are in school, and
really begin to launch campaigns around that, and
let's really begin to engage this public and the
business community and the foundations on how we can
really embrace this community, and this School
District, at a time of trouble.

We know that we are heading towards a
financial crisis in this Board, and so we are going to
need the public, and parents, and everyone who cares
about this school system, particularly those who have
graduated from this school system, who knows what it
has done for them, and we are going to need them to
roll up their sleeves, and come to get involved, and
be those advocates for us in Harrisburg and
Washington, DC, talking about how important the
Pittsburgh Public Schools are, and how important our
children are to us.

So, Dr. King, I welcome you in this
position, I will support you as I always have, as I
supported John Thompson, to the best of my ability,
and I look forward to your leadership, and I look
forward to your guidance.

Congratulations again.

MR. ISLER: Mr. Romaniello.

MR. ROMANIELLO: You thought I was going to
get away without saying anything.

I would just like to echo Mr. Taylor's
comments.

When I first got onto this Board, I was --
about two weeks after I had been sworn in, there was a
problem in one of the schools, and my phone was
ringing off the hook, and as someone who had never
been involved in something of this magnitude before, I
didn't know what I was supposed to do, and the first
ting, when I called some of my fellow Board members,
they said, "Call Andy King," and within two days, the
problem had been solved through the hard work of
Dr. King.

And I want to say that I continue to have that confidence, that Dr. King can lead this District, and I think it's time now that we start -- as Mr. Taylor said, we start moving forward, we stop -- we start forgetting about issues that don't have things -- a thing to do with educating our children, that we put aside, with this vote; that, you know, we are going to move ahead.

And, while I appreciate Dr. Dowd's abstention, this is not in any way towards your abstention, but there are some people out there who are making some very ugly comments, and some very nasty things that they shouldn't be saying, and what I want to say to them is, we sit in some meetings when we talk about discipline, and some of the other things that go on, and you get phone calls asking for people to have -- asking us to give second, third, and fourth chances to some people, for whatever the reason is.

And these same people, who are asking us for second and third chances, don't want to see us give a second chance to someone who has done a fantastic job.

Like I said, I am new to this, but I learned very, very quickly that when you mention to
anybody in the District the name of Dr. Andrew King, that they all, everybody talks about his loyalty, his hard work, and his dedication to this District.

So I think those people are being very hypocritical, they know who they are, and when -- you know, when they say the things, the mean spirited things that they have said, when they don't sit in these chairs, I think they are being hypocritical, and I am hoping that now that they have had their say in the press, that they will, as Mr. Taylor said, join with us, and move in the confidence that I have that this District will continue to move forward.

Congratulations, Andy.

MR. ISLER: Any other comments?

Mr. Brentley.

MR. BRENTLEY: Yes.

I would also like to just extend some congratulations to you, Dr. King.

There is no question about your reputation in the District and, you know, different names to describe you.

"He is the go to man."

"Oh, he will get it done."

"Oh, Andy will get back to you."

And so, as a Board member, when a
constituent calls me, that puts a feather in my cap when I can say, "Hold on, I can get you through to him." "Hold on, he will return your call." "Hold on, he will respond to your concerns."

So I hope -- and look, and I know we are putting the weight of the world on you, and so I just want to say that I am ready, willing and able to help, until this Board comes together and willing to sign an agreement, I hope we do that yesterday, so that you will have a level of comfort, that we will support you.

I want to say publicly, to you, you can draw anything up you want, and I will be more than willing to sign it, on my commitment, because I know it is difficult to try to run this District, with dealing with nine different bosses.

And so I just want to sign my letter of commitment, sign it over to you, and do what you have to do.

I would like to ask first a favor, first. And, Dr. King, there is no question about this District, 58 percent of African American, the majority of them are failing, the majority of them are
scoring below average, or below the necessary number,
I am asking you to identify, Doctor, put your finger
on it, and I don't want you to get shy with coming
before this body, recommending some things to do.
And I am not interested in managing the
problem, I want to wipe it out.
That is a priority for me, as a father with
children in this District.
So I'm ready, willing and able to assist
you, and congratulations, once again.

MR. ISLER: Any other comments?
Mrs. Fink.
MS. FINK: Congratulations, Andy.
DR. KING: Thank you.
MS. FINK: I really look forward to working
with you as Superintendent, and had we done, the nine
of us done the right thing, we would have chipped in
and got you a quart bottle of Excedrin.

MR. ISLER: Dr. King.
DR. KING: Just a brief comment.
I would like to thank Mr. Taylor,
Mr. Romaniello, Mr. Brentley and Mrs. Fink, for your
very kind comments, and I would also like to say that
I pledge my full commitment, and my work ethic, and
you all know what my work ethic is, to work with all
nine members of this Board, and this community, and
this staff, and the students and families of the
Pittsburgh Public School District, to address all of
the critical issues currently facing this District.
So I pledge my full support, I will work
seven days a week, I will work tirelessly as I always
have, and I think we will get the job done.
And thank you again, for your vote of
confidence.
MR. ISLER: Thank you, Dr. King.
There are any other comments from the
Board?
Hearing none --
MR. MATTHEWS: I don't have a comment, but
is that the only item that is coming up tonight?
MR. ISLER: There were two, only two,
Mr. Matthews, one -- and I said that at the beginning,
from the agenda, one was the Committee on Education
report, on the parent involvement policy, which we had
pulled from the agenda at the last legislative
meeting, and the second item was the appointment of
the Superintendent.
MR. MATTHEWS: All right.
That means nothing is coming forward with
the Superintendent?
MR. ISLER: I believe that Mr. Taylor is still working on that.

MR. TAYLOR: We are going to meet briefly, after this meeting, so we will get you back on the phone.

Okay?

MR. MATTHEWS: All right.

MR. TAYLOR: All right.

MR. ISLER: Any other questions or

comments?

Hearing none, move to adjourn.

MR. ROMANIELLO: So move.

MS. FINK: Second.

MR. ISLER: Seconded.

Hearing is adjourned.

Thank you, ladies and gentlemen.

(Thereupon, at 7:50 p.m., the Special Legislative Meeting was concluded.)
