2 Resolved this 13th day of December, 2010.

3 MRS. HAZUDA: Thank you, Mrs. Shealey.

4 Are there any questions or discussion at

5 this time?

6 I'll start down this end with Dr. Ware

7 Allen?

8 Mr. Brentley.

9 MR. BRENTLEY: Yes, I would like to make

10 some comments. Thank you, Madam Chair.

11 I just want to make my comments. I've

12 shared them earlier. I've had a conversation with

13 Dr. Lane.

14 This evening I will not be voting in the

15 affirmative for Dr. Lane, but let me qualify that. I

16 am voting no against the process, not the person.

17 I have requested in the past that we

18 consider a national search. We did not do that with

19 the leadership of this Board. I had requested that we

20 would consider even putting out a challenge within

21 this District to begin to generate some new ideas and

22 suggestions from the wonderful, wonderful employees in

23 this District.

24 It is my understanding we have close to 22,

25 if not 23 employees, in this District that has the
superintendent certification.

We have nearly 100, if not over 100, employees that has national certification.

We have wonderful educators in this District. And I thought it would have been a great opportunity to at least put a job description out, to at least put out a call and to listen and to possibly get some suggestions on the future of this District.

This leadership rejected all of those suggestions.

My heart is heavy because I wish Dr. Lane well, but my heart is very heavy because what has happened over the last five years.

Depending on what neighborhood you come from depends on what kind of services you are able to get from this District.

I just happen to be from one of those neighborhoods who took a very, very bad hit over the experimental programs, the changes, school configurations changed two or three times.

And at some point, somehow, some way, somebody has got to be responsible and somebody has got to at least acknowledge it.

Over the last month or so we have watched this media blitz of propaganda of how wonderful the District have, all the accomplishments.
And I'm stunned because the calls that I get are those parents whose kids were sentenced to the CEP program at Clayton and can't get out, or those parents whose kids had their school configurations changed three times in four years. It's unacceptable. And so my no vote today is simply a vote to those who have been victimized by this Administration.

I wish Dr. Lane well. I will immediately move to help in any way possible. I'm only encouraging, Dr. Lane, to please, this time, if we would open our doors to the community, this time if we would work from the bottom up when it comes to spending money and putting in programs that are needed in certain programs, certain communities.

So I'm only asking that we are partners, there are teachers, there are educators, there are community folks who are in love with this District.

And the solution to everything is not always bringing in someone from out of town.

So my vote will represent to all of those wonderful employees who have, would have jumped at the opportunity of applying to at least sharing their suggestions on the future of this great District.

So this evening my vote will represent a no for the process, not against the person. Thank you.
MRS. HAZUDA: Thank you, Mr. Brentley.

Mrs. Colaizzi?

MS. COLAIZZI: Thank you, Madam Chair. If I just may say in a very brief statement that this Board, over five and a half, almost six years ago, made it very clear that they were going to set their own goals and objectives to achieve for the District of the City of Pittsburgh.

And I think that when we did that and we did a national search and then found Mark Roosevelt, we were quite pleased as the results of our goals and our objectives being met.

We still believe in those goals and objectives and we still believe in the future of this District.

I think we have proved that as this Board took the responsibility that is ultimately our's to find a superintendent and hold that superintendent accountable.

We did search our hearts and our minds very, very carefully before we made this decision.

The true story here is that this Board a long time ago made changes, and we don't want to stop those changes from becoming the reality that we've already started the road on.
So we're very, very pleased with the decision that we have made. And we also, and I personally would like to thank Dr. Lane for sticking it out with us and moving us forward. I wish her a lot of luck and I will be there for you as well.

MRS. HAZUDA: Thank you, Mrs. Colaizzi.

Mrs. Fink?

MRS. FINK: I just want to say to Dr. Lane, welcome to the hot seat. And you know you have our support, and we really appreciate you accepting this job offer and you being willing to lead the District even farther into the future.

MRS. HAZUDA: Thank you, Mrs. Fink.

Mrs. Shealey?

MS. SHEALEY: Thank you, Mrs. Hazuda. I just want to relay a little antidote that there is a prayer, or piece of a prayer, that goes I seek refuge in God from knowledge that doesn't bring wisdom.

And I spent the past year getting a lot of knowledge, and I hope that it brought me some wisdom. And in this process, I have determined in my heart that there's not one individual on this earth, and I realize the enormity of that statement, there is not one individual on this earth better
1 poised and positioned and more prepared to lead this
2 District going forward, and to do the things for our
3 City and our children, the good things, that we all
4 wish for.
5
6 So Dr. Lane, I wish you the best of luck
7 and all of God's blessings and know that you have one
8 adamant supporter at least on this Board. Thank you,
9 Mrs. Hazuda.
10
11 MRS. HAZUDA: Thank you, Ms. Shealey.
12
13 Mr. Sumpter?
14
15 MR. SUMPTER: Thank you, Mrs. Hazuda. The
16 most important decision that a school director can
17 make is regarding the selection of a superintendent.
18
19 I think it is hypocritical, I think it's
20 contradictory, I think it's selfish to vote for
21 anything other than the appointment of Dr. Lane.
22
23 I believe Dr. Lane is well qualified to be
24 Superintendent.
25
26 And I'm putting my vote where my mouth is,
27 and I wholeheartedly support Dr. Lane on this historic
28 appointment. Thank you.
29
30 MRS. HAZUDA: Thank you, Mr. Sumpter.
31
32 Mr. Isler?
33
34 MR. ISLER: Thank you, Mrs. Hazuda.
35
36 I want to echo thank you for accepting
this. The students of the City of Pittsburgh Public
Schools, the entire staff, parents and the entire
community gains a phenomenal leader tonight.
You are the right person. There is no
doubt. It has been a pleasure to sit with this Board
through this process. It's not the first one I've
been through.
I have to tell you that of all the people
we could have considered, nobody brings what you bring
to this District. Thank you.
MRS. HAZUDA: Thank you, Mr. Isler.
Mr. McCrea?
MR. McCREA: I think just about everything
has been said. I want to thank Dr. Lane for staying
with us as long as you have and staying with us in the
future and, again, support of at least the majority of
the Board. Thank you.
MRS. HAZUDA: Dr. Ware Allen?
DR. WARE ALLEN: Thank you. I was going to
reserve some comments for our Legislative meeting on
Wednesday, but I feel I would be remiss not to add my
comments as well.
I do agree with everything that has been
said in terms of the support of you, Dr. Lane.
I feel that you have the right balance, the
skills at the right time in our District's history to lead the District forward.

I'm happy to support you. I look forward to working with you in expanded capacity in this role that you'll be taking.

It has been a pleasure working with you to date. And congratulations and best wishes and our support, because there is a challenging road ahead. But this is not a role that you will be working in alone. You have a great team of folks that are here at the District as well as this Board to work hand in hand with you. Thank you.

MRS. HAZUDA: Thank you, Dr. Ware Allen.

Mr. Weiss, could we have a role call, please?

MR. WEISS: Dr. Allen?

DR. ALLEN: Yes.

MR. WEISS: Mr. Brentley?

MR. BRENTLEY: No against the process.

MR. WEISS: Mrs. Colaizzi?

MRS. COLAIZZI: Absolutely.

MR. WEISS: Mrs. Fink?

MRS. FINK: Yes.

MR. WEISS: Mr. Isler?

MR. ISLER: Yes.
MR. WEISS: Mr. McCrea?

MR. McCREA: Yes.

MR. WEISS: Ms. Shealey?

MS. SHEALEY: Yes.

MR. WEISS: Mr. Sumpter?

MR. SUMPTER: Emphatically yes.

MR. WEISS: Mrs. Hazuda?

MRS. HAZUDA: Yes.

MR. WEISS: Motion carried 8 to 1.

Dr. Lane is elected.

(Appause.)

MRS. HAZUDA: I have a prepared statement that I was going to read, but after listening to my colleagues speak from their heart, there was nothing truly more I could add.

We did a long, hard process from the time we learned that Mr. Roosevelt was leaving us. We worked through the process.

As we looked at the District and tried to decide what our greatest needs were, the more we looked, the more we knew that Dr. Lane was the right candidate for us.

And I think you heard tonight all that is felt. And we are very, very lucky to have you.

I want to very much thank all my fellow Board
Members for the number of hours that went into this process. There was a lot of dedication. There was a commitment to work through it. There was a commitment to be at the meetings, giving up Sunday evenings. Always after Steeler games, of course. We do have some parameters. But there's no doubt in my mind we made the best choice. There are folks that don't know it yet, but as the year 2011 goes through, proceeds, however the right word is to say, they will learn it. We are very, very fortunate to have you. And so, Dr. Lane, is there anything you would like to say?

DR. LANE: Yes. Thank you so much President Hazuda.

First, I want to thank this Board. I know I saw little pieces of some of the work you did around your decision-making process. And I'm honored. I'm humbled for the privilege to serve. So I'm very much looking forward to working with all of you in a different capacity.

I want to thank the leadership team in this room. Many of you we've been together now for between five years, four years, depending on when you began in
your role.

And this is a hard working group of folks, and I don't think people always realize.

But I told them I'd say it publicly, they are the hardest working, the most dedicated group of professionals I've ever had the privilege to work with.

And I'm asking each of you to re-dedicate yourself to the work that we need to do for the children of the City of Pittsburgh.

We do have some things to be proud of. I think that we owe Mark Roosevelt a debt of gratitude for Pittsburgh Promise.

Because when I tell people around, that I know around the country about the Pittsburgh Promise they say to me, you're kidding, really. And I say really. Really.

And so it's not only a statement to Mark's vision, but also a statement about the faith this community has in us, in the fact that they believe we can do this work.

So that is a tremendous gift that we have here in the City of Pittsburgh.

Another thing Mark did is the work that he and Mr. John Tarka conducted together that changed the
culture of our District.

And they showed us that adults can get a whole lot more done for children if we work together instead of spending our time arguing with each other. And so I'm looking very much forward to continuing that collaborative work with the Pittsburgh Federation of Teachers, and certainly also with our organization or our principals as well. So we look forward to both.

I began my career as a teacher. And my time in the classroom, although admittedly a little while ago, still informs my decision-making. So I still remember the challenges I faced as an educator, especially during my first year. And I want to make sure that we all do all we can to ensure that our teachers and our school leaders have the support they need to continue the work we're asking them to do around academic achievement for our children, even during what we know to be tough, difficult financial times ahead.

Together we've developed a vision about what we believe we can do, and we have seen some success. We have some students attending college right now today on Promise scholarships that might never have gone to college before.
We have seen gains in achievement, even achieving AYP. However, we also know we've got a long way to go. We are not there yet. So we need to take our next step, step forward, and that means we need to deepen the work that we have begun.

Evidence continues to confirm that strong school leaders and effective teachers make the difference in the lives of children and youth. We are going to continue our work with Empowering Effective Teachers, investing in our teachers and school leaders as catalyst for change in schools.

We are going to focus around our under-performing high schools to make sure we get more of our children Promise ready. Success on these fronts will expedite closure of racial achievement disparities that plagued our schools for too long, as well as raise the achievement for all PPS students.

Finally, we recognize the challenges ahead. I know that as Superintendent I'm going to be making some difficult decisions, some of whom many of you that may be applauding today will not be applauding
some of those decisions.

But we still have to do what we must do to ensure our children continue to improve their academic achievement.

To achieve the vision of Excellence For All, it is up to us, this community, to re-dedicate ourselves to the work of preparing students to be life-long learners, who are able to earn that college degree or work force certification.

Again, I'm humbled for the opportunity to serve the community. I pledge to come to work every day focused and prepared to ensure that together we can achieve our shared vision of Excellence for All.

Thank you.

(Applause.)

MRS. HAZUDA: Having no more business at this time, the special legislative session is adjourned. We will now take a 12 minute recess.

MR. SUMPTER: Move to adjourn.

MRS. COLAIZZI: Second.

MRS. HAZUDA: There you go. Put a rookie in charge.

We will now take a 12 minute recess before we begin our Special Public Hearing for the Leadership Academy of Math and Science Pittsburgh Charter School.
That will be followed by our regular public hearing.

Please, everyone, be back here at 6:35.

(Thereupon, at 6:23 p.m., the Special Legislative Meeting was concluded.)
