5.3.4 Proposal Summary

Proposals will be evaluated based on the vendor’s distinctive plan for performing the requirements of the RFP. Therefore, the vendor should present a written narrative which demonstrates the method or manner in which the contractor proposes to satisfy the requirements of the scope of work. The language of the narrative should be straightforward and limited to facts, solutions to problems, and plans of proposed action. Highlight the major features of the proposal and identify any supporting information pertinent to the proposal. In short, an evaluator should be able to determine the essence of the proposal and generally how well it meets the requirements by reading the proposal summary.

5.3.5 Offerings and Pricing

Proposals should include three sample offerings and budgets used for previous or current accounts. The samples should indicate the number of schools and the allocations for each. It should show sample plan-o-grams for the various machine types (snack and beverage) It should show the weekly spend for each site and the offered items. It should indicate the weekly average spend per site and per student. It should show final balance for each site and both the start and end dates of service.

5.3.6 Expansion Options

In the future the Department may have need to expand our vending needs to include refrigerated vending that is capable of providing a complete cold meal. The machine would need to be able to communicate with the Department food service software and allow for students to purchase by entering their student ID. Respondents should include in their proposal information on their ability to provide this sort of vending service.

5.3.7 Subcontractors

Identify all subcontractors to be used and describe their specific responsibilities and background of key personnel. The Department reserves the right to approve or disapprove any subcontractors which vendor engages or plans to engage.

5.3.8 Insurance

Respondents should provide proof of adequate insurance coverage.

5.3.9 Social Responsibility

Proposals must include

1. Formal sustainability policy or statement.
2. Copies of recent food safety audits (minimum of three)

Proposals must also include answers to the following
1. Describe your company’s sustainability commitments, policy, or actions. If you have a formal sustainability policy or statement, please attach it to this form.

2. Does your company work with local (see section 1.2.1 – Local Economies) small to medium sized business that are producing vendible snacks, meals, or beverages? If so, what products do you source and in what volume? What percentage of your overall product offering come from manufacturers within 250 miles of Pittsburgh; what percentage come from within Pennsylvania?

5.4 Oral Presentations

The District reserves the right to request that all of the respondents to this RFP give oral presentations and/or answer questions about their proposal after the Proposal Due Date. The Department will advise the Vendor as to the time and place for such oral presentations. The Vendor shall be prepared to make the presentation as requested and should be prepared to discuss all aspects of the proposal in detail.

5.5 Contract

This document will act as the official contract with the awarded vendor. The completion and submission of a response will be considered agreement by the responding organization to the terms and conditions as they are laid out herein. The successful respondent will be expected to provide proof of Pennsylvania Child Abuse History Clearance, Pennsylvania State Police Criminal Record Checks and Federal Bureau of Investigations (FBI) Criminal History Background Check for all personnel that will be regularly present in buildings where students will be present.

5.6 Contract Length

As of the posting of this solicitation Pittsburgh Public Schools are providing education to its students through an at home virtual model as a cautionary response to the ongoing coronavirus pandemic. It is anticipated that the students and faculty will be returning to buildings 09 November 2020. There is a possibility that students and faculty will not return at that time and may continue to operate virtually for a longer period of time.

The contract with the successful respondent will run for three (3) years. Because of the shortened presence of students and faculty in brick-and-mortar school sites for school year 2020-2021 the current school year will not be counted as part of the three (3) year contract agreement but as an addendum year. This is being done in case the district maintains its virtual learning for the entirety of the 2020-2021 school year. The addendum year will run from 09 November (or whenever PPS students and faculty return to brick-n-mortar campuses) to June 30, 2021. The three (3) years of the contract will then commence on 01 July 2021 and continue to 30 June 2024. The District reserves the right to extend the contract on a year-to-year basis up to but not to exceed three (3) one-year terms.

CONTRACT SOLICITATION AND AWARD PROTEST PROCEDURE POLICY

Manufacturers, Vendors, or distributors who disagree or are otherwise aggrieved by the competitive procurement process for contract solicitation and award have the right by federal regulation to enter into a formal protest with Pittsburgh Public Schools Food Services Department (PPSFSD).

PROCEDURE:

Federal regulations are the primary authority for rules related to competitive procurement. Those regulations that MAY be applicable to competitive procurements of PPSFSD are found in OMB Circular A-87, A-122, 2 CFR 200 and 7 CFR 210, 220, 3016, 3019. Applicability of the federal regulation depends upon the product or services being procured and the federal program in which it will be used. In addition, Pennsylvania School Code contains additional state regulations related to competitive procurement that may also be applicable.

Protests may by any of the following:

1) By a party who did not submit a bid or proposal;

2) By a party who has responded to an invitation for bids (IFB), a request for proposal (RFP) or a request for qualification (RFQ);

3) By a prospective contractor who is aggrieved in connection with the solicitation or award of a contract.

Those parties who did not submit a bid or proposal must file for protest prior to the advertised opening date of the IFB, RFP, or RFQ. Protests received after that time will not be reviewed and considered. Such protests will be dismissed as untimely.

Those parties who responded to an IFB, RFP, or RFQ or who are aggrieved in connection with the solicitation or award of a contract must file for protest within seven (7) days of the protesting party knowing of the facts giving rise to the protest. No protest filed after that protest window or more than seven (7) days after the date of notice of contract award will be reviewed and considered. Untimely protests will be dismissed.

The date of filing will be the date the protest is received by PPSFSD. Protests to contract solicitations and awards must be in writing and submitted to the contact person listed on the RFP for which a protest is filed.

Protests must be filed utilizing the form titled, “Notice of Protest.” Appropriate documentation or relevant information may be included as attachments to the form when completed and returned. Issues not raised in the original written protest are deemed to be waived and may not be raised on appeal. All documentation is forwarded to the Legal Department for the Pittsburgh Board of Education for review and consideration within five (5) days of receipt.
If the contract has been awarded, the successful contractor will be made aware of the protest within five (5) days of receipt. If the protest is received before the contract is awarded and substantial issues are raised by the protest, all bidders and offerors who appear to have a substantial and reasonable prospect of winning the award shall be notified of the protest and the reasons for the protest. They may, in turn, file their own position to the protest within five (5) days after the receipt of the Notice of Protest.

Action on the contract solicitation or award shall be stayed until the protest is resolved except in cases where state or federal deadlines prevail. In those cases, the contract award will be issued, but performance by the awarded contractor will be suspended until the protest is resolved. If there is a continued delay in resolving the protest, PPSFSD reserves the right to resume its activities related to the procurement under protest if such action is found to be in the best interest of the membership affected by the protest.

The Board of Education and PPSFSD have up to fifteen (15) days to review the protest and any documentation or relevant information. This period will also be used for additional research as needed. Additional documents or information deemed necessary to resolve the protest may be requested during this period. The Board of Education and PPSFSD reserves the right to schedule a hearing to review the protest with the protesting party and other affected parties. If additional time is required to resolve the protest, The Board of Education and PPSFSD will notify the protesting party of such action. At no time will any protest remain without determination in excess of sixty (60) days from the receipt of the original Notice of Protest.
